TERMS AND CONDITIONS OF ENROLLMENT

Each course enrollment becomes official when it is received by the Registrar of Global University and will expire six months from the date of its receipt by the Registrar. An extension may be requested to extend the enrollment period to one year from the date of enrollment by paying a \$50 course extension fee. If a course is not completed within one year of the original enrollment date, a student must pay full tuition to re-enroll in the course.

Cancellation and Refund Policy for Cancellation of Enrollment in Graduate Studies Courses

A student has the right to withdraw from any given course or program or from the Graduate School of Theology at any time. To withdraw, the student must notify the office of the Dean. The amount of all refunds is calculated from the date of enrollment or service for which a fee was paid. A student must request to withdraw from a course within nine months of the enrollment date to be entitled to a tuition refund. The refund policy is as follows:

1. An enrollment may be canceled within five (5) business days after the day on which the enrollment agreement (Graduate Subject Enrollment Card) is signed by the Global University Graduate Studies Center Director. The Graduate Studies Course Order Form is the enrollment agreement for students who enroll directly through the International Graduate Studies Center. If a student cancels enrollment during this time, the student will be refunded all money paid.
2. From five (5) business days after the day on which the enrollment agreement was signed by the director and before the Global University mentor receives the first completed lesson assignment, Global University will be entitled to retain a registration fee of an amount equal to 45 percent of the tuition for one credit.
3. If a student requests cancellation after the Global University mentor receives the first completed lesson assignment, Global University shall be entitled to retain an amount equal to the tuition for one credit.
4. If a student requests cancellation after the Global University mentor receives three assignments, Global University shall be entitled to retain an amount equal to the tuition for one and one-half credits.
5. After a student has submitted more than three completed assignments, Global University shall be entitled to retain the full amount of tuition paid for the course.

No fee refund will be made after five (5) business days from receipt by the Graduate Studies Center Director of the application fee, program evaluation fee, change of program fee, enrollment extension fee, or other fees for which charges were not included in tuition and for which specific services were performed for a student based on payment of the fee.

No tuition refunds will be made for requests received more than nine months after enrollment in a course.

Refunds will only be given for materials that are returned in resalable condition. There will be a 20 percent restocking fee for returned materials.
