A LETTER FROM THE PRESIDENT

Welcome to Global University!

All of us here at Global are pleased to learn of your interest in advancing your training. We are delighted that you are seeking to prepare yourself for service in God’s harvest field. Our catalog provides information concerning who we are, our mission, history, policies and procedures, as well as our various plans of study. We trust you will identify a program of study to help you prepare for God’s call on your life. Feel free to contact us with any questions you may have.

A unique aspect of our program is the emphasis on applied learning and ministry through our service learning requirement (SLR). This requirement allows learners to move more rapidly from theory to practical application of what they are learning. In other words, learners benefit from the integration of academic rigor with practical application throughout their studies.

Global University is composed of four schools providing a seamless approach to study, ranging in academic level from certificates (initial evangelism and discipleship courses) through graduate degrees. The four schools are School for Evangelism and Discipleship, Berean School of the Bible (offering adult continuing education courses to equip people for church leadership), Undergraduate School of Bible and Theology (offering certificates and diplomas and associate of arts and bachelor of arts degrees), and Graduate School of Theology (offering master of arts, master of divinity, and doctor of ministry degrees). Catalogs for each school are available on our website at www.globaluniversity.edu.

Global University’s learners benefit not only from increased knowledge through studying course content but also from spiritual growth and increased discipline. Our instructional design helps them gain skills for a lifetime of learning, service, and ministry. Students and alumni fill positions of ministry as teachers, pastors, and missionaries. Others serve as local, district, and national church leaders. They actively work in both open and sensitive locations, fulfilling God’s call on their lives to impact eternity where they are and wherever God leads them.

When studying with Global University, you will not be studying alone. Instead, you will join students studying in literally every time zone of the world. We operate through a worldwide network of more than 230 offices serving 500,000 students. We are committed to equipping people for service in churches, schools, and other ministries. As you study, rest assured our extensive university stands ready to assist you in any way we can.

God bless!

Gary L. Seevers Jr., PhD
President
Greetings from the International Office of Global University!

I enjoy the rich pleasure of serving as the Chief Academic Officer for the global programs of the university. During my time serving the university, I have come to appreciate both the diversity and the unity that exists within the Global University family. Every context presents unique challenges and brings opportunities to the task of teaching and learning. But as I meet our Global students and alumni, I am impressed with their commitment to excellence in ministry in all cultural situations. In these effective ministries and leaders, one sees the intersection of God’s call, their commitment, and a Global University education. The results are astounding: people are saved, churches are started, parachurch ministries are established, and bodies are healed. The Lord operates through thousands of men and women who have come through Global University’s programs.

Global University allows you to start wherever you are in your own educational journey and pursue a broad range of learning goals. Each of the four schools of Global University provide opportunity for growth as a follower of Christ and as a Christian leader. Do you want foundational instruction as a follower of Christ and a Christian leader in training? The School for Evangelism and Discipleship’s Christian Life and Christian Service series of courses would benefit you. Do you want to study Scripture for a ministerial career, a lay leadership role in your church, or your own spiritual enrichment? The Berean School of the Bible’s adult continuing education courses and programs will serve you well. Do you want an accredited undergraduate certificate, diploma, associate of arts degree, or bachelor of arts degree? Check out the programs offered by the Undergraduate School of Bible and Theology. Are you prepared for advanced studies? The Graduate School of Theology offers master of arts degrees, a master of divinity degree, and a doctor of ministry degree. Global is one university with four schools, so you will have a wide range of options from which to choose. And whichever program you select, you can be sure it will integrate faith and learning from a Pentecostal, evangelical perspective.

Our name—Global University—accurately describes us as a worldwide distance-learning school. Our regional accreditation with the Higher Learning Commission assures you of a quality education. As you enter studies with Global University, you join a student body in every time zone and nearly every country of the world. You can study where and when you want, at extremely affordable costs. You will have access to faculty through a variety of means, and our online library resources provide the opportunity to investigate a subject as deeply as you wish.

Welcome to the Global University community. We are students, faculty, staff, and administrators who are all involved in “impacting eternity by winning the lost and training the found—everywhere.”

May God’s favor be with you,

David L. De Garmo, DMin
Provost
GENERAL INFORMATION

Foreword
The population of the world is increasing at an unprecedented rate. There is an explosive increase in knowledge, and people are eager to learn. Global University has responded to this need by developing its own instructional tools.

By utilizing the tools of contemporary educational technology, Global University is expanding the resources of the church. Global University's courses are applicable for distance-learning instruction, school classrooms, learning groups, and individual study.

Qualified writers from many nations write and develop the course materials that are then distributed around the world in many languages. This contributes to fulfilling Global University's motto: Impacting eternity by winning the lost and training the found—everywhere!

History
Global University has a distinguished heritage spanning seven decades. Its rich history is a blending of the achievements of two distance-learning institutions. This dual foundation of experience adds academic strength to the entity created by the merger of ICI and Berean Universities.

The Assemblies of God Fellowship recognized that not everyone who desired ministerial preparation could attend a residential Bible training institution. Therefore, a distance-learning program for ministerial candidates was begun in 1947. This program developed into the Berean School of the Bible by 1958 and was headquartered in Springfield, Missouri.

In 1967, International Correspondence Institute (ICI) was founded under the auspices of the Division of Foreign Missions. This second distance-learning school was designed to provide evangelism, discipleship, and workers’ training courses as well as bachelor's degrees to students all over the world. George M. Flattery, who first envisioned the school, was its founding president. Its offices moved from Missouri to Brussels, Belgium, in 1972 and remained there until 1991.

Both Berean School of the Bible and ICI grew rapidly, adding courses and programs to meet the growing needs of their students. Berean, which was utilizing courses developed by ICI for its degree programs, became Berean College in 1985 and Berean University in 1995. ICI moved from Brussels to Irving, Texas, in 1991 and became ICI University in 1993.

Both institutions remained faithful to their respective missions. Similarity in educational approach, mission, and services made a merger of the two institutions logical. Both universities were making significant advances in electronic delivery via the Internet and other technologies. Rather than duplicating costly delivery systems, a united university would result in better stewardship of technological and human resources. Thomas Trask, general superintendent of the Assemblies of God at that time, and L. John Bueno, executive director of World Missions at that time, agreed to initiate the merger that was completed in 2000.

Global University now has four schools: (1) School for Evangelism and Discipleship, (2) Berean School of the Bible, (3) Undergraduate School of Bible and Theology, and (4) Graduate School of Theology. All of these schools of Global University are truly global in outreach. Students at home and abroad enroll in all levels of study. Global University works closely with Assemblies of God World Missions, U. S. Missions, and other divisions of the General Council.

Global University continues to write new chapters of history as it impacts eternity by winning the lost and training the found—everywhere! This means using various media technologies through anointed courses, curricula, consultation, and cooperation, equipping people to be Christ’s disciples with the help of God to His glory and the expansion of His kingdom.

Mission of Global University
Global University is a Christian university in the Pentecostal tradition that:

• integrates education and service through a worldwide network for student support.
• provides access to ministerial training from adult continuing education to the graduate level.
• produces curricular materials in multiple languages.
• serves the local church and Christian community through evangelism, discipleship, and leadership training through nonresidential distributed learning methods.

Doctrinal Statement
The doctrinal position of Global University is expressed in the following statement of faith.

We believe:

• the Bible is the inspired and only infallible and authoritative written Word of God (2 Timothy 3:16).
• there is only one true God, revealed in three persons: Father, Son, and Holy Spirit (commonly known as the Trinity) (Deuteronomy 6:4; Matthew 28:19).
• in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death, in His bodily resurrection, in His ascension to the right hand of the Father, in His personal, future return to this earth in power and glory to rule a thousand years (John 1:1).
• in the Blessed Hope—when Jesus raptures His Church prior to His return to earth (the second coming). At this future moment in time all believers who have died will rise from their graves and will meet the Lord in the air, and Christians who are alive will be caught up with them, to be with the Lord forever (Titus 2:13; 1 Thessalonians 4:17).

• every person can have restored fellowship with God through salvation (trusting Christ, through faith and repentance, to be our personal Savior) (John 14:6).

• regeneration by the Holy Spirit is absolutely essential for personal salvation due to the fall of man (Titus 3:5).

• in water baptism by immersion and Holy Communion (Matthew 28:19).

• divine healing of the sick is a privilege for Christians today and is provided for in Christ’s atonement (His sacrificial death on the cross for our sins) (1 Peter 2:24).

• the baptism in the Holy Spirit is a special experience following salvation that empowers believers for witnessing and effective service, just as it did in New Testament times (Acts 2:4).

• sanctification initially occurs at salvation and is not only a declaration that a believer is holy, but also a progressive lifelong process of separating from evil as believers continually draw closer to God and become more Christlike (Galatians 5:16–25).

• in the resurrection of both the saved and the lost, the one to everlasting life and the other to everlasting damnation (Revelation 20:11–15).

• in the church, which is the body of Christ, and its mission to be the agency of God to evangelize the world, worship God, build the body of Christ, and demonstrate God’s love and compassion (Mark 16:15–16; 1 Corinthians 12:13; 1 Corinthians 14:2–3; Psalm 112:9).

• in a divinely called and scripturally ordained ministry for the fourfold mission of leading the church: reaching, planting, training, and serving.

Nondegree Programs
For further information concerning nondegree programs and the languages in which they are available, please contact your enrollment office, the International Office of Global University, or visit our website at www.globaluniversity.edu.

School for Evangelism and Discipleship
Evangelism courses present a basic understanding of the gospel for those seeking to know the saving truths of God’s Word. These courses are available for children and adults. Discipleship courses help new believers explore foundational topics of Christian living, including prayer, Bible study, and worship. These courses also provide an in-depth approach to Bible study and application through teaching, spiritual gifts, witnessing, discipleship, and other important topics.

Berean School of the Bible
Berean School of the Bible (BSB) offers adult continuing education programs of study. The courses offered within BSB’s Ministerial Studies diploma program satisfy educational requirements for Assemblies of God ministerial credentials as approved by the General Presbytery of the Assemblies of God, USA, and provide enrichment learning for lay leaders. Ministerial credentials are issued by the General Council Credentials Committee upon recommendation of the appropriate district. Ministerial credentials are not issued by Global University.

Degree Programs
Global University’s degree programs are provided by the Undergraduate School of Bible and Theology and the Graduate School of Theology. Together, these schools offer a wide range of specific programs: certificates and diplomas, associate of arts, bachelor of arts, master of arts, master of divinity, and doctor of ministry. For further information concerning the degree programs, please contact your director, the International Office of Global University, or visit the university’s website at www.globaluniversity.edu.

Undergraduate School of Bible and Theology
The programs of the Undergraduate School of Bible and Theology are designed for ministers, ministerial students, and laypersons who seriously desire a biblical education. The degree programs are open to all with a high school diploma or its equivalent. Advanced academic placement through transfer of credit is possible for those with previous undergraduate training.

General Education: Curricular Philosophy and Objectives
Global University’s curriculum gives students the learning experiences that lead not only to depth of knowledge and skill in the major area of study but also to a complementary breadth of learning. Consequently, the institution designs every degree program to require the student to complete three components: (1) a comprehensive Bible and theology core, (2) a selected major, and (3) a broad general education core. The Bible and theology core provides a basic biblical education for all students. The selected major allows students to prepare themselves according to their individual interests, abilities, and sense of calling. The general education core helps students understand the contemporary world and how to relate to it.

Global University values general education as a foundational, broad-based educational complement to the professional, theological training component. The university recognizes that an understanding of one’s own and other cultures and an ability to relate both interculturally and cross-culturally in the contemporary world are crucial to effective ministry. The general education program prepares students for such ministry by facilitating their enculturation into the global context in which they live and serve and by helping them to understand and appreciate the individual within a complex and culturally diverse world.

The learning experiences offered by the Global University general education program allow students to prepare themselves according to their individual interests and sense of calling, to integrate breadth of learning with the Christian worldview across many disciplines, to develop communication and critical thinking skills, and to cultivate a desire for disciplined personal growth and lifelong learning.

General Education: Content Areas
General education courses at Global University are divided into four broad areas: Humanities and Arts, including history, culture, and philosophy; Language and Communication Arts; Natural Sciences and Mathematics, including the health sciences and technology; and Social and Behavioral Sciences, including education, sociology, and psychology.

General Education: Broad Program Goals
Global University’s faculty believes the general education program should enable students to achieve the following goals:

- Demonstrate mastery of mathematical and quantitative skills necessary for everyday life.
- Use information technology effectively.
- Demonstrate effective written and oral communication skills.
Describe the historical, sociological, and cultural influences and contexts of the world.

Demonstrate the ability to derive conclusions from complex information (thereby showing the ability to think critically and analytically).

Differentiate among the various humanities and artistic expressions of diverse cultures.

Describe the natural and physical world in which we live.

Practice the pursuit, evaluation, and application of knowledge throughout life.

Compare and contrast one’s own worldview with the worldviews of others.

Global University offers more than thirty courses in the various areas of general education. Additional courses are being added each year. Students are required to study specific courses in each area and are able to choose other courses as electives. This selection of general education courses exposes students to the disciplines deemed necessary for professional and social interaction. Thus, a practical need drives the general education requirement.

This general education component demonstrates breadth and coherence through variety and promotes critical thinking and creativity through its system of formative and summative evaluation, course projects, collateral reading assignments, and service learning requirements. The institution recognizes the importance of the general education content areas to the development of historical perspective, communication, critical thinking, and quantitative reasoning skills necessary to life in a global society.

Assessment of Achievement

The Global University evaluation system is based on the ideals of mastery learning, objective-based course content, formative and summative evaluation, and criterion-referenced testing. Each course presents the student with broad goals and specific objectives. An instructional design guides the learning process. Formative evaluation takes place throughout the course, and a summative evaluation is its capstone. Thus, the student is given the opportunity to demonstrate that he or she obtained the requisite learning and skills. This is accomplished through valid and reliable evaluation, the completion of projects, the reading of collateral literature, and various forms of written responses requiring the demonstration of analytical ability, critical thinking, evaluation skills, and clarity of communication in written form. Therefore, in addition to specific course learning outcomes, the objectives of creativity and critical thinking pervade curricular patterns. This integrated approach overarches the curriculum.

Graduate School of Theology

The mission of the Graduate School of Theology is to provide advanced, in-depth, specialized study of the Bible and related subjects at the post-bachelor’s degree level. Its purpose is to equip students for individual research, personal scholarship, and practical application. The Graduate School of Theology offers postbaccalaureate degrees and certificates through an individually structured, distance learning format using mentors and printed and electronic materials to guide students in study and research.

The degrees offered are a Master of Arts in Biblical Studies, a Master of Arts in Ministerial Studies, a Master of Divinity, a Doctor of Ministry—Biblical Studies and Theology, and a Doctor of Ministry—Church Ministries (English Language). Graduate studies certificates are offered in New Testament studies, education, intercultural studies, and leadership.

Global University graduate credits are recognized and accepted as chaplaincy training for the US military. Because the number of credits required beyond the Global MDiv may vary, those interested in a military chaplaincy career should contact the dean of the Graduate School at 800.443.1083.

For more information about specific graduate (postbaccalaureate) programs, request a Global University graduate studies catalog from your enrollment office or from the International Office of Global University; or visit www.globaluniversity.edu.

Academic Affairs Committee

The Global University Academic Affairs Committee is composed of the provost, the vice provosts, the executive vice president, the vice president for International Network Services, the deans of the schools, and the directors of academic service areas.

The primary function of the Academic Affairs Committee is the oversight of the educational standards and procedures that apply to the various Global University curricular programs. The Academic Affairs Committee is responsible for decisions that affect the curricula, the faculty, instructional methods and delivery, and graduation requirements.

Of special concern to the Academic Affairs Committee is the recognition of Global University’s academic credits, diplomas, and degrees. The committee seeks to maintain the recognition by assuring that instructional materials and programs meet high-quality standards. To this end, the committee reviews and approves all educational materials in print, audio, CD-ROM, video, and online delivery formats.

Regional Coordinators and National Representatives

Global University operates worldwide through a network of regional offices that assist network offices. Regional coordinators and national representatives promote, supervise, and coordinate the work of the university within a designated geographical area. They, along with the network office staff, encourage students to pursue and achieve academic excellence.

The Global University Board of Administration and the regional coordinators form the Global Leadership Council.

Resident Faculty

Global University resident faculty are those academically qualified individuals serving at the Internetwork office whose activities consist primarily of writing, developing, and facilitating courses.

Adjunct Faculty

Adjunct faculty are academically qualified individuals throughout the Global University network who periodically write, facilitate, and evaluate Global University courses in field settings or serve as tutors for students studying independently with the university. Most authors of the degree programs hold doctorates in their fields, while all hold at least a master’s degree. In addition, these content experts have had years of practical experience as pastors, teachers, church leaders, or school administrators. As subject matter experts, they contribute their knowledge, experience, and expertise to the development of instructional programs that meet the needs of ministerial students. Global University invites outstanding experts from many fields to serve on its faculty. These academically, spiritually, and experientially qualified teachers come from institutions of higher learning and other places of ministry all over the world.

Global University is a member of the Alliance for Assemblies of God Higher Education (AAGHE), the American Association of Collegiate Registrars and Admissions Officers (AACRAO), the Asia/Pacific Theological Association (APTA), the Association for Pentecostal Theological Education in Africa (APTEA), and the Council for Advancement and Support of Education (CASE).

Educational Benefits

The independent-study courses of Global University have been approved for educational benefit payments by the US Department of Veterans Affairs.
Basic Standards of Academic Integrity

Registration at Global University requires adherence to the university’s standards of academic integrity. Many of these standards may be intuitively understood and cannot in any case be listed exhaustively; the following examples represent some basic types of behavior that are unacceptable:

1. Cheating: (a) using unauthorized notes, aids, or information when taking an examination; (b) submitting work done by someone else as your own; (c) copying or paraphrasing someone else’s essays, projects, or other work and submitting them as your own.

2. Plagiarizing: submitting someone else’s work and claiming it as your own or neglecting to give appropriate documentation when using any kind of reference materials. Plagiarism, whether purposeful or unintentional, includes copying or paraphrasing materials from the Independent-Study Textbook or Study Guide, textbook, someone else’s writing, or any other source (published or unpublished) without crediting the source. Any words, thoughts, or ideas taken from any other source must be properly documented according to the Global University Undergraduate Form and Style Guide, second edition.

3. Fabricating: falsifying or inventing any information, data, or citation.

4. Obtaining an unfair advantage: (a) stealing, reproducing, circulating, or otherwise gaining access to examination materials prior to the time authorized by the instructor or examination supervisor; (b) unauthorized collaborating on an academic assignment; (c) retaining, possessing, using, or circulating previously given examination materials where those materials clearly indicate they are to be returned to the examination supervisor or to the Global University offices at the conclusion of the examination.

Disciplinary action for not maintaining basic standards of academic integrity may range from a lowered grade for a paper to dismissal from the program, depending on the severity of the offense.

Code of Conduct

Global University is a Christian educational institution aiming to, among other things, equip men and women to fulfill God’s call on their lives. Christian conduct is therefore an expected norm. While Global University reaches many cultures around the world, it is understood that some practices acceptable in one culture may be unacceptable in another.

As Christians we look to the Scripture to guide our conduct. Therefore, students are expected to conduct themselves according to biblical principles of behavior. Examples of such principles are found in Romans 12:9–21; Galatians 5:22–23; and Ephesians 4:1–3, 25–32. The Code of Conduct also applies to verbal and written communication with Global University representatives, faculty, staff, and students. Furthermore, it extends to all electronic communication, including threaded discussions and e-mail with faculty and students.

Violation of the Code of Conduct may result in disciplinary action, including dismissal from the program.

Global University also wants each student to be aware of our Statement on Marriage, Human Sexuality, and Gender Identity that can be viewed at www.globaluniversity.edu. Simply select “About” from the top menu.

Disability and Academic Accommodations

Global University is committed to the provision of reasonable accommodations for students with disabilities, as defined in the Americans with Disabilities Act, Section 504 of the Rehabilitation Act, and state and local requirements. Students who qualify for accommodations are required to submit appropriate documentation with the Student Success Center. Your request will be considered if it:

- Is based on documentation that meets the university’s guidelines.
- Does not compromise essential requirements of your course or program.
- Does not impose financial or administrative burden upon GU beyond that which is deemed reasonable.

Submit your request to success@globaluniversity.edu. The Academic Success team will follow up with you to gather all required documentation. The university’s director for the Student Success Center will review the submitted documentation along with the dean of the school. You will be notified via email of the decision to grant or deny the request within 30 days of receipt of all required documentation. If you are denied services, you may file an appeal within 30 days of the decision.

Due Process of Student Rights

In all cases involving academic dishonesty, the student charged or suspected shall, at a minimum, be accorded the following rights:

1. Prompt investigation of all charges of academic dishonesty, to be conducted, insofar as possible, in a manner that prevents public disclosure of the student’s identity. Such investigation may include informal review and discussion with an official of the school prior to bringing a charge, provided that such review does not compromise the rights of the student in the formal process.

2. Reasonable written notice of the facts and evidence underlying the charge of academic dishonesty and
Global University assures the public that its philosophy is to be responsive to any student complaint. Historically the university has received very few complaints, and those it has received have been resolved to the student’s satisfaction in every case.

A student who wants to file a complaint or grievance should first follow the steps outlined in the section immediately following, titled “Tracking and Addressing Student Complaints.” Global University will do everything in its power to resolve the complaint as expeditiously as possible.

In the event the student wants to contact higher authorities, he or she may do so at the state and accrediting agency levels. Information regarding these levels appears below.

The Missouri Department of Higher Education (MDHE) serves as a clearinghouse for postsecondary student complaints. The MDHE complaint process contains information about the complaint process and includes instructions about filing a formal complaint. Note that the policy states a student who wants to file a complaint with the department must first exhaust all formal and informal avenues provided by the institution to resolve disputes. The MDHE complaint policy can be accessed at http://dhe.mo.gov/documents/POLICYONCOMPLAINTRESOLUTION-reviseddraft.pdf.

The Higher Learning Commission (HLC), Global University’s regional accrediting agency, can also receive student complaints. The Commission can be contacted at the following website: https://www.hlcommission.org/Student-Resources/complaints.html. Please note that the HLC expects complaints and grievances to first be resolved at the institution level, and complaints should be directed to the HLC only if they are deemed to affect an institution’s accreditation.

Global University has been approved as a participating institution in the National Council for State Authorization Reciprocity Agreements (NC-SARA). If, after following the sequence referred to above, the student still does not feel the complaint has been resolved to his or her satisfaction, and if the state in which he or she lives is a SARA member state (http://www.nc-sara.org; select “States”), the student may appeal to the portal agency of his or her state (see http://www.nc-sara.org/content/state-portal-agency-contacts). The SARA complaint process can be found in the SARA Policies and Standards at http://www.nc-sara.org/files/docs/NC-SARA_Policies_Standards.pdf.

**Tracking and Addressing Student Complaints**

Global University takes complaints and grievances seriously. The Department of Student Services, of GU’s Academic Affairs Office, maintains and monitors a complaint or grievance file. The complaints received usually belong in two general categories: (1) the course content or (2) the course delivery and support system.

- Complaints relating to course content are referred to the professor of record (PoR) for the course, and editorial issues to the University Materials Development (UMD) Department. A student representative will then contact the student with an answer to the student’s question(s) or with a solution to the student’s problem.

- Complaints relating to the delivery and support system are handled through the Student Services Department. A student representative will contact the student to resolve the difficulty. In some cases, this leads to the establishment of new policies or procedures to improve the delivery system for all students.

In more difficult or complex situations, especially those involving problems spanning more than one department, the complaint is referred to the Provost’s office. As necessary, the Academic Affairs Committee will also become involved to resolve student complaints in a timely and satisfactory manner.

A student can file a grievance with Global University by choosing any one of the following three contacts:

1. A student may contact a Global University faculty member or national office staff member by e-mail, phone, fax, post/mail, or in person. Often, problems are easily resolved at this level.

2. A student may contact the Student Services Department of Global University by e-mail, phone, fax, post/mail, or in person. Student Services personnel are trained to resolve student concerns.

3. A student may contact any administrator of Global University by e-mail, phone, fax, post/mail, or in person. In these cases the matter typically will require a period of investigation in order to be resolved.

Once a concern, complaint, or grievance is received, every effort will be made to resolve the issue personably and
quickly. Should a student not be satisfied with the resolution, the student can appeal the decision to the International Office of Global University and directly to the Provost’s office. Should a student not be satisfied with the Provost’s resolution, the student can contact the Provost’s office and request that the issue be addressed by the Global University Academic Affairs Committee. The decision of the Academic Affairs Committee will be deemed final.

Notification of Rights

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. These rights are as follows:

1. The right to inspect and review education records within 45 days of the day Global University receives a request for access. Students should submit to the registrar a written request that identifies the record(s) they want to inspect. The registrar will make arrangements for access and notify students of the time and place the records may be inspected. In place of inspecting the record(s), students may request that records be copied and mailed to them. In this case, students will pay postal costs and a copy fee of 15 cents (US currency) per page.

2. The right to request the amendment of education records students believe are inaccurate or misleading. Students may ask the university to amend a record(s) they believe is inaccurate or misleading. They should write to the registrar, clearly identify the part of the record(s) they want changed, and specify why it is inaccurate or misleading. If the university decides not to amend the record(s) as requested, the university will notify the students of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to students when they are notified of the right to a hearing.

3. The right to request in writing that certain directory information be disclosed only with the student’s written consent. Unless otherwise requested, directory information such as the student’s name, mailing address, dates of attendance, enrollment status, graduation status, and other institutions attended may be released without written consent. Nondirectory information such as student ID number, Social Security number, date of birth, e-mail address, phone number, and grades may be released only with the student’s written consent except where FERPA authorizes disclosure without consent. Exceptions include disclosure to federal, state, and local authorities as well as school officials with legitimate educational interest. A school official is a person employed by the university in an administrative, supervisory, academic, research, or support staff position; a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

The student has the right to file a complaint with the US Department of Education concerning alleged failures by Global University to comply with the requirements of FERPA. The name, address, and phone number of the office that administers FERPA are listed below:

Office:   Family Policy Compliance Office
          US Department of Education

INSTRUCTIONAL TECHNOLOGY AND RESOURCES

Global University’s Information Technology and Media Division provides delivery of the university’s evangelism, discipleship, and educational programs through the use of the Internet, CD-ROM, and other electronic media.

Learning with Technology

GU relies primarily on print-based delivery of its courses. However, GU does use technology in a variety of ways depending on the level of study. Undergraduate and graduate degree-level programs employ technology with a correspondence delivery model. Where technology and Internet access is available, students may submit assignments electronically and even take proctored exams online. Many courses are available in downloadable PDF form. The availability of technology and the Internet will determine students’ use of certain GU learning tools. Lack of access to technology does not prohibit students from acquiring print materials containing everything they need to complete their courses. Through the use of GU’s online learning tools and coordinated social media, the self-paced, independent learner may collaborate his or her learning with other students.

At the nondegree levels of Berean School of the Bible (BSB) and School for Evangelism and Discipleship (SED), courses are offered online utilizing a variety of technologies. Through BSB, students in the United States may also take online courses to fulfill the educational requirements for ministerial credentials with The General Council of the Assemblies of God (USA). Visit the GU website for further information. SED offers fully online evangelism, discipleship, and lay-leader training courses including the Worldview series, the Christian Life series, and the Christian Service series in multiple languages. Whole courses (not for credit) may be downloaded for free. Visit www.globalreach.org to view online SED courses. For further information about the use of technology with GU courses, visit Global University online at www.globaluniversity.edu.

Library Resources

The Global University Library, located within GU’s International Headquarters in Springfield, Missouri, is a collection of both print and electronic resources that support the curriculum of the programs offered by the University. The library, which may be utilized for general research, is composed of more than 25,000 volumes, including books, reference materials, periodicals, maps, microfiche, audio and video materials, and vertical files.

The Global University Library provides valuable online resources such as e-books, CREDO Reference, Academic Search Elite, and American Theological Library Association (ATLA) databases. These resources provide GU’s undergraduate and graduate students access to thousands of peer-reviewed journals, as well as general reference resources.

You may access these resources via the Global University Library website at www.library.globaluniversity.edu. The “Ask-A-Librarian” feature enables you to direct your research questions to a Global University reference librarian. Through technology, Global University is continually expanding its online information services to support and enhance the distance learning experience for its students.

FINANCIAL INFORMATION

Financial Assistance

A goal of Global University is to provide instructional programs at the lowest possible cost. Pricing information is available from the Global University director in your area or from the International Office in Springfield, Missouri. If you are working with a director, all fees are paid to your director. If you are not working with a director, fees are paid to the International Office.

US Veterans Benefits

Global University has been approved by the agency for US veterans benefits. This approval is for the independent-study courses leading to an associate of arts, a bachelor of arts, a master of arts, a master of divinity, or a doctor of ministry degree. Tuition, materials, and shipping and handling are paid by the veteran upon enrollment. Reimbursement of qualified expenses is made through the US Department of Veterans Affairs (VA) following certification from Global University’s VA enrollment office. Veterans who are interested in this assistance should request information from Global University’s VA enrollment office in Springfield, Missouri.

Policy on Incomplete Courses Funded by VA

The time limit to complete a degree-level course is six months. Should a student fail to complete a VA-funded course, a failing grade of 50 percent will be assigned to the student’s course grade. This grade will be calculated into the cumulative grade average that appears on the student’s transcript. Reporting this grade to the Veterans Affairs is required for VA students using GI Bill benefits.

Availability of Financial Reports

Global University makes available summaries from the annual financial reports as prepared by the university’s
external auditor to prospective students, alumni, and the public at large. These summaries may be obtained by contacting Global University’s Chief Financial Officer.

**Undergraduate Academic and Special Fees**

Because of the variety of components, the charges to students for Global University courses are divided into three categories:

1. **The cost of textbooks.** This cost varies from course to course. Textbooks are available from your enrollment office.

2. **The cost of required course materials.** These may vary between courses and are available from your enrollment office.

3. **The academic fee.** The academic or tuition fee will be paid to the enrollment office when a course is taken. This is the charge for instruction or instructional services.

**Cancellation and Refund Policy**

Global University strives to develop instructional materials and programs that will be completely satisfactory to the students who enroll with us. However, if it is necessary for you to withdraw from a Global University course, the following refund policy will apply:

1. **No refund will be made after five (5) business days for an application fee.**

2. **You may withdraw from a course as long as the course status is “In Progress.”**
   a. You may cancel a course enrollment within five (5) business days after the date on which your order was placed. If you cancel a course enrollment during this time, you will be given a complete refund of all tuition paid. Communication of cancellation may be made online (go to “Documents and Forms” on the undergraduate page of GU’s website).
   b. From five (5) business days and up to three (3) months from the date the order was placed, you may request to withdraw from a course and be refunded 50 percent of the tuition paid.
   c. If you request a course withdrawal after three (3) months, no refunds will be given.

3. **Refunds will be given on textbooks returned in “resalable” condition, less a 20 percent restocking fee. No refunds will be given for GU Independent-Study Textbooks or Study Guides.**

Please report any discrepancies with the order within thirty (30) days of the invoice date.

A LETTER FROM THE DEAN

Welcome to the family and student body of Global University. It is our desire to assist you in being equipped with the knowledge necessary for faithful service in the worldwide church of the Lord Jesus Christ. All our courses are based on the Word of God and God’s mission, our missio Dei, to impact eternity by winning the lost and training the found—everywhere.

Global University reaches around the world in numerous languages. Most of our students are already engaged in evangelism, preaching, teaching, and other missionary activities. Our goal is to provide training that will enhance these ministries. This is the reason Global University engages authors of courses who have a depth of experience and high academic qualifications. Great care is given in the selection of the courses for our curricula. We also endeavor to write from a cross-cultural perspective.

The Undergraduate School of Bible and Theology offers degree programs in Bible and theology, Christian education, and intercultural studies. We also offer a minor in pastoral counseling. For qualified students living outside the United States and Canada, the school offers a three-year (90-credit) bachelor’s degree program in the nations where such a program is acceptable.

Our faculty and staff are ready to assist you by mail, Internet, or telephone. Each faculty member has been carefully and prayerfully chosen, not only for his or her academic training and ministerial experience but also for sensitivity to the Holy Spirit. Many faculty members have served in ministry positions in different nations of the world.

We are glad you are part of our Global University family!

Sincerely,

Kevin Folk
Dean
Undergraduate School of Bible and Theology
Global University academic programs are provided by the Undergraduate School of Bible and Theology and the Graduate School of Theology. These schools make available a wide range of specific programs: certificates and diplomas as well as associate of arts, bachelor of arts, master of arts, master of divinity, and doctor of ministry degrees. For more information about the graduate degree programs, see the current graduate studies catalog.

The programs of the Undergraduate School of Bible and Theology are designed for ministers, ministerial students, and laypersons who are serious in their desire for a biblical education. The degree programs are open to all with a high school diploma or its equivalent. For those with previous undergraduate training, advanced academic placement through transfer of credit is possible.

Degree Programs

Unless otherwise stated in the specific program description, an undergraduate program of study requires that a minimum of 30 credits be earned through the completion of Global University courses. Graduates interested in completing more than one program of study should ask for advisement before submitting an application for a new program. Graduates may not enroll in programs of study that are similar to previously completed programs.

To complete additional programs of study graduates must earn credits that were not part of their previous program. The minimum number of additional credits needed is at least 25% of the credits required for the new program of study. The actual number of new courses needed to complete an additional program will vary depending on the courses completed and transfer of credit awarded in previous programs of study.

The overarching goals for the degree programs include demonstrated achievement in the following areas. After successfully completing a degree program, the student will:

- Demonstrate a comprehensive knowledge of the Old and New Testaments.
- Demonstrate a comprehensive knowledge of the theological principles that serve as a foundation of Pentecostal Christian faith.
- Develop and demonstrate written and oral communication skills.
- Apply relevant biblical and theological principles in local ministry contexts.
- Exhibit an awareness and appreciation of the various areas of general education: humanities; fine arts; social, behavioral, and natural sciences; mathematics; oral and written communication; and computer skills.
- Continue the appreciation and practice of lifelong learning.
- Participate effectively in Christian ministry.

The strategies used to assess the achievement of these goals include examinations, service learning requirements (SLRs), collateral reading or writing assignments (CRAs/CWAs), course-specific projects, and graduate follow-up surveys.

Bachelor of Arts Degree

Global University presently offers three bachelor of arts (BA) degree programs: Bible and theology, Christian education, and intercultural studies. The BA in Bible and Theology is designed to provide the educational background needed by those preparing for pastoral or preaching ministry. The BA in Christian Education will prepare those expecting to minister in church-related instruction or in the administration of Christian education. The BA in Intercultural Studies is designed for those who plan to serve as missionaries. This degree has a basic Bible and theology component with emphasis in cross-cultural communication and Christian missions.

The BA degree is a 120-credit program requiring a minimum of 30 credits earned through Global University, 15 of which must be in the student’s major.

Three-Year Bachelor of Arts Degree

(For students in a qualifying international educational system)

Global University offers three 3-year bachelor of arts (BA) degree programs for students who have graduated from a qualifying international educational system (outside the North American system) that endorses the three-year bachelor’s degree program. The three-year BA programs are in Bible and theology, Christian education, and intercultural studies.

The three-year BA degree is a 90-credit program requiring a minimum of 30 credits earned through Global University, 15 of which must be in the student’s major.

Second Bachelor of Arts Degree

Individuals who have already earned an accredited bachelor’s degree from an outside institution may earn a second BA in Bible and theology, Christian education, or intercultural studies with Global University. To do this, students must present official transcripts (or academic records) showing they have completed a first degree from an accredited institution.

The second BA degree is a 55-credit program requiring a minimum of 30 credits earned through Global University, 15 of which must be in the student’s major. Students with prior academic study in Bible, theology, or church ministries may be granted transfer of credit. However, a minimum of 30 degree credits must be taken with Global University to earn a second BA.

Associate of Arts Degree

The associate of arts (AA) degree may be earned by students who complete 60 credits and meet the stated program requirements. A minimum of 15 credits must be earned through Global University courses. This program provides
an introduction to the knowledge and skills required for ministry. This degree also represents the halfway point for those desiring to continue studying toward a BA degree.

Diploma Programs
The overarching goals for the diploma programs reflect the purposes and requirements of programs not designed to lead to a degree. After successfully completing a diploma program, the student will:

- Demonstrate a requisite knowledge of the Old and New Testaments.
- Demonstrate a requisite knowledge of the theological principles that serve as a foundation of Pentecostal Christian faith.
- Develop and demonstrate written and oral communication skills.
- Apply relevant biblical and theological principles in local ministry contexts.
- Continue the appreciation and practice of lifelong learning.
- Participate effectively in Christian ministry.

The strategies used to assess the achievement of these goals are examinations, service learning requirements (SLRs), collateral reading or writing assignments (CRAs/CWAs), and course-specific projects, if applicable.

Certificate in Bible and Theology
This certificate is designed for those who want to study in the various schools of Global University but do not want to study for a degree. However, all of the credits earned for this certificate can be transferred to a degree program.

Undergraduate Certificates
Students desiring an intermediate goal may work toward the completion of one or more undergraduate certificates. Each undergraduate certificate provides studies in a specific area of Bible, theology, or church ministries. An undergraduate certificate is also available in general studies. Undergraduate certificate studies are an excellent way to acquire academic preparation in a particular subject-matter concentration. For a description of the course requirements for each undergraduate certificate, see “Undergraduate Degree Programs of Study.”

Students Currently Enrolled
Active students who started their degree studies with Global University prior to the issuance of this catalog may continue to follow the program requirements under which they enrolled. However, they may elect to modify their programs to meet the course requirements listed in this catalog. If students desire to enroll in a course but have been inactive for 18 months or more, they must reapply under the current program of study. Any transfer of credit previously awarded from other schools will be reevaluated to determine if it is applicable to the current program of study.

Admission into a Degree Study Program
The basic requirement for full admission into an undergraduate program of study is possession of a high school diploma or its equivalent. Under certain circumstances, provisional admission may be granted to students who are unable to provide proof of secondary education. Students who receive provisional admission may study up to 18 credits. A provisionally accepted student must maintain a minimum GPA of 2.00. A provisionally accepted
If you are a first-time student and are unsure what program of study to pursue, consider these questions:

1. What program of study would best help you achieve your long-term goals?
2. What program of study requires courses with topics that interest you?
3. Have you completed degree-level courses from other schools that might be applied as transfer-of-credit for specific Global University courses?

You also have the option of selecting an undeclared program of study. This option allows you to enroll in courses at random, but it does not give you the ability to earn a diploma or degree. To earn one of these, you must change your undeclared program status by selecting one of the programs of study listed in the most current publication of the undergraduate catalog. Undergraduate students are expected to declare a program of study by the time they have completed 18 credits.

When you have chosen a program of study, you must remain an active student in order to complete that particular program of study. To ensure your status remains active, it is recommended that you enroll in at least one course per calendar year. If your student record shows no course enrollments or course completions for a period longer than 18 months, your student status becomes inactive. To reactivate your status, you must submit a new application indicating you are reactivating and enroll in a new course. Once reactivated, you must fulfill the requirements of the current program of study to earn a degree. For instance, if you declared a program of study in 2004 but became inactive, when you reactivate your student record, you can no longer graduate by completing the requirements for your 2004 program of study. Instead, you need to complete the requirements for the 2019 program of study. Any transfer of credit previously awarded from other schools will be reevaluated to determine if it is applicable to the current program of study.

Application and Enrollment Procedures

2. A maximum of 60 undergraduate credits into a three-year bachelor of arts degree.
3. A maximum of 45 undergraduate credits into an associate of arts degree or diploma in ministry.
4. A maximum of 25 undergraduate credits into a second bachelor of arts degree.

Each course considered for transfer of credit must be compatible in content with the Global University undergraduate degree or diploma program chosen by the student and must have a minimum grade of “C–” (70 percent) or its equivalent. Courses with a grade of “pass” must be certified by the school as being equivalent to Global University’s standard for a “C–” or higher in order to be accepted in transfer.

The student should request official transcripts from all institutions he or she would like evaluated. A transcript is official when it is sent from the original institution directly to Global University in a sealed envelope. Global will also accept transcripts that are sent electronically from a valid electronic transcript service such as Parchment, JST, or National Student Clearinghouse. All transcripts and other pertinent documents should be on hand at the time of application. A student who plans to take courses from another school to transfer back to finish a Global University degree must request that an official transcript be sent to Global University BEFORE completing his or her last Global University course.

Transcripts and official documents must be in English, Spanish, or French or be accompanied by an official translation into English. Where official transcripts are unobtainable due to circumstances beyond the student’s control, Global University may accept for review a valid affidavit that substantiates the student’s academic record. In all cases, Global University...
reserves the right to determine whether it will accept transfer credits from another academic institution. Transfer of credit previously awarded will be reevaluated for inactive students who reactivate into a current program of study and for active students who change to a different program of study. Only transfer of credit that is applicable to the current program of study will be awarded and appear on student transcripts.

Prior Learning Assessment
If you have achieved demonstrable proficiency in a course subject offered by Global University, you may qualify for advanced placement in undergraduate programs based on documented evidence of your prior learning experience. Credit may be given for adequately documented and validated experiential equivalent learning of a postsecondary nature. Examples are credit for relevant workplace experience, university-level examinations (e.g., CLEP), professional certifications, military training, or other postsecondary-level equivalent experience. The amount of credit for experiential learning is determined by the dean of the school and/or designated faculty members. This determination is based on a review of the student’s Prior Learning Portfolio. Forms and instructions for completing your Prior Learning Portfolio can be obtained from your Global University enrollment office. The maximum amount of credits awarded for prior learning will not exceed one-fourth of the total credits required for the degree, nor will prior learning credit substitute for the one-fourth of the program that must be completed by direct enrollment.*

College-Level Examination Program (CLEP)
Global University allows transfer credits for subject and general examinations of the nationally administered College Level Examination Program (CLEP). The acceptance of these credits is based on the student’s having earned the credit-granting scores recommended by the American Council on Education.*

*The combined total of experiential credit and CLEP credit accepted may not exceed 30 credits.

Admission into the Second Bachelor’s Degree Study Program
To begin a study program leading to a second bachelor’s degree, you must do the following:
1. Possess a bachelor’s degree from a qualified institution.
2. Observe all the entrance procedures outlined by your Global University enrollment office, and indicate on your application form that you are applying to work toward a second bachelor’s degree.
3. Before enrolling in your first Global University course, you must request that the institutions where your previous academic work was completed send an official copy of your transcript to your Global University enrollment office.

Student Advisement
Global University strives to provide as much assistance as possible in planning the educational programs of its students. However, it is the students’ interest and self-discipline that determine success in meeting educational goals. Certain courses have prerequisites or recommended sequences that students are encouraged to follow. These prerequisites and recommendations are noted in the “Course Descriptions” section of this catalog.

Students can view recommended course sequences for all undergraduate programs at www.globaluniversity.edu/undergrad_programs.cfm (or, from the university’s home page, select Undergraduate School of Bible and Theology in the Schools menu; then select Programs of Study). For course advisement, students may also call 800.443.1083, option 4, or e-mail degreeaudit@globaluniversity.edu.

Student Number and Student Card
A student is issued a student number when his or her application is processed. The student number must be used on all coursework and on all correspondence or electronic communication between the student and the Global University International Office. Under no circumstances will the student be permitted to take an examination or will credit be given for a course without an assigned student number. Upon request, a student card will be issued to any student enrolled in a Global University undergraduate course. This card will allow the student access to any institutional library that cooperates with Global University as a host school or has signed a library agreement with Global University. These host schools are found in most countries where Global University has undergraduate students. If you are a student residing outside the United States, ask your national representative for a list of cooperating libraries in your country.

The minimum passing score for any individual course is a score of “D−” (60 percent). A minimum grade point average (GPA) of 2.00 is required to earn a degree or diploma.

Undergraduate Academic Probation and Dismissal

The purpose of academic probation is to help students succeed by increasing their GPA to the minimum 2.00 required to earn a Global University degree or diploma. Since academic probation is a remedial action, individuals placed on academic probation should request and receive academic counseling from their local enrollment office to explore possible reasons for and/or solutions to their academic performance.

Academic probation results from these conditions:
• A student’s GPA is below 1.00 after completing 12 credits.
• A student’s GPA is below 1.67 after completing 24 credits.
• A student’s GPA is below 2.00 after completing 36 credits.

Probation Restrictions
Before probationary students enroll in additional courses, they will be required to read and sign a statement that acknowledges they must raise their GPA to the required minimum of 2.00 in order to qualify for a Global University degree or diploma. Probationary students may continue their studies under the following conditions:

• Probationary students may continue to enroll in courses only after they pass courses required by their program that they have previously failed. It is recommended that students also re-enroll in and pass failed elective courses before they enroll in new courses.
• Probationary students may not enroll in more than three courses per six months or a total of six courses per year.
• Probationary students with a GPA below 1.00 may enroll in only one course at a time.
• It is recommended that all probationary students enroll in one undergraduate course at a time so they may focus all their efforts on successful completion of each course.
• Inactive students who want to reapply must have at least a 2.00 GPA. Inactive students with a GPA below 2.00 who want to reactivate must submit a written appeal to the Dean of the Undergraduate School of Bible and Theology.
• Other restrictions deemed appropriate by the dean may apply.

Dismissal from the Undergraduate School of Bible and Theology

Students who are unable to demonstrate through academic improvement that they are benefiting from their undergraduate studies are encouraged to pursue other educational options with less academic rigor, such as the Berean School of the Bible programs. Students who present the following conditions will be dismissed from the Undergraduate School of Bible and Theology:

• Provisionally accepted students whose GPA is below 2.00 after completing 18 credits and who have not submitted proof of a high school diploma or its equivalent
• Students whose GPA is below 1.00 after completing 24 credits
• Students whose GPA is below 1.67 after completing 36 credits
• Students whose GPA is below 2.00 after completing 48 credits

Credit System

Since academic systems vary from country to country, some students may not be familiar with the system of credits as a measure of progress in an academic program. Global University requires that students complete 120 credits to earn a bachelor of arts degree. The “Course Descriptions” section lists the number of credits each course is worth.

To standardize transfer of credit between schools, Global University uses the standard of study-time equivalencies as one factor in computing the credit value of its courses. In this system, a credit (sometimes referred to as a semester credit hour) represents the equivalent of 15 hours of formal classroom study, including examinations, plus another 30 hours of study outside the classroom. Therefore, one
Global University credit is equivalent to 45 hours of study by the student.

Global University’s courses are designed to require this standard amount of study for the average student. That is, a two-credit course requires 90 hours of study time, and a three-credit course requires 135 hours of study time. Of course, the actual time any individual student may spend in study will depend on his or her background preparation for the course. Global University also uses these study-time equivalencies as one factor in computing transfer of credits from other schools.

Transfer of Global University Credit

Global University graduates have been accepted into graduate programs at a number of institutions in the United States and elsewhere. However, it is the student’s responsibility to verify the applicability of Global University credits toward any educational goal he or she may have. A student who enrolls in a Global University course or courses and intends to transfer the credit to another institution must contact the receiving institution to verify that the institution will accept Global University transfer credits.

Global University Transcripts

A transcript of degree-level coursework completed through Global University is available upon request and/or authorization of the student. An unofficial transcript may be faxed or an official transcript may be mailed. Official transcripts are imprinted with the Global University seal and are issued only by the Registrar’s Office in Springfield, Missouri. In order to protect the security of student records Global University does not e-mail transcripts. Alternatively, students may view and print their GU Student Subject list via the student portal which can be accessed through Global University’s website.

A Transcript Request Form is available on the Global University website. Students may mail or e-mail a completed and signed transcript request form to the following:

Global University—Registrar’s Office
1211 South Glenstone Avenue
Springfield, MO 65804-0315 USA

E-mail: transcriptrequest@globaluniversity.edu

Students who maintain current contact information in their Global University records have the option to submit transcript requests via Global University’s website. Students who submit a transcript request via the website may be asked to complete and sign a transcript request form if the e-mail address from which the website request originates does not match the student’s e-mail address on file at Global University.

A Global University transcript may list the number of credits transferred from other qualified institutions; however, grade point averages are determined only on the basis of courses completed at Global University.

Capstone Requirements

All students studying in English or Spanish must complete a capstone as part of their graduation requirements. These items should be completed when the student is within nine credits of completion or at the time the final exam for their last course is submitted. A degree will not be issued until the capstone requirements have been received and evaluated.

Instructions for completing each component can be downloaded from the Global University website or mailed upon request.

Please refer to the chart below to see what capstone components are required for each respective degree.

Graduation Requirements

Undergraduate diplomas and degrees are issued by Global University only after a review of the student’s records and certification that all the following requirements have been fulfilled:

1. All required courses have been successfully completed. Note that any transcript being evaluated for possible transfer of credit from another school must be submitted BEFORE the last Global University course is completed.
2. A minimum of 30 credits have been earned through Global University, 15 of which are in the student’s major.
3. Cumulative grade point average (GPA) is at least 2.00.
4. Capstone requirement has been fulfilled.
5. The Global University Registrar’s Office has received the student’s request to graduate after the above requirements have been met.

A student may enroll in only one undergraduate program of study at a time. In the event a student fulfills the requirements for two or more programs of study at the same time, recognition is awarded for the most advanced level only.
QUALIFIED faculTy develop Global University Independent-Study Textbooks in cooperation with the university's instructional development staff. Learning and teaching principles derived from educational research are incorporated into the design of Global University instructional materials. More than eighty-five undergraduate courses are now available for study. The Global University curriculum is under constant evaluation. Revisions and additions will be made in keeping with the goal of providing the best possible learning experience for Global University students.

Definition of Course and Subject
Global University uses the terms course and subject interchangeably. For example, BIB 3013 Genesis is a three-credit degree program course or subject. Courses (subjects) are the fundamental units of the curriculum. Satisfactory completion of a program is recognized by the awarding of certain certificates, diplomas, or degrees.

Although Global University does not use a standard semester for enrollment, for international transfer its credits are considered semester credit hours. In a traditional semester system, a 3-credit course would require three 1-hour lectures per week for at least fifteen weeks. A full-time study program would be equivalent to 12–18 credits per semester. For United States VA students desiring full-time status, a minimum of 18 credit hours per six months is required.

Course Sequences and Prerequisites
The recommended sequence for taking undergraduate courses is provided with each degree program on the following pages. It is highly recommended that students follow the suggested sequence. If a course has a prerequisite, a notation is made in the course description section of this catalog. For example, BIB 4143 Undergraduate Greek I must be taken before BIB 4153 Undergraduate Greek II.

Numbering System for Undergraduate Program Courses
A key to the interpretation of course numbers follows. The course numbers should be used with the subject names on all order forms, subject enrollment forms (SEFs), and other academic records.

1. The first three letters indicate the academic content area of the course.
   - BIB = Bible
   - THE = Theology
   - MIN = Church Ministries
   - MIS = Missions/Intercultural Studies
   - BUS = Business
   - COM = Communications
   - CSC = Computer Science
   - EDU = Education
   - ENG = English
   - GSC = General Science
   - HIS = History
   - HSC = Health Science
   - LDR = Leadership and Management
   - LIT = Literature
   - MTH = Mathematics
   - MUS = Music
   - PHL = Philosophy and Ethics
   - PSY = Psychology
   - REL = Religion
   - SOC = Sociology
   - SPN = Spanish

2. The first digit indicates the level of the course.
3. The second and third digits serve as numerical identifiers.
4. The final digit indicates the credit value.

An example is BIB 1043 The Gospel of John:
- The letters BIB identify the course as part of the Bible content area.
- The first digit (1) indicates the course is in the first level.
- The final digit (3) indicates this course is valued at three credit hours.
BACHELOR OF ARTS DEGREE PROGRAMS

The curricula for the Bachelor of Arts degrees requires a minimum of 120 credits. At least 30 credits must be enrolled through Global University, 15 of which must be in the student’s major. Students who plan to continue their studies in graduate school or seminary are strongly advised to complete Greek courses.

Four-Year BA Degree in Bible and Theology

The Bachelor of Arts in Bible and Theology is designed to provide the biblical and theological knowledge necessary for students to carry out Christian ministry in the local church and/or to pursue advanced academic studies. After successfully completing this curriculum, students will be able to properly interpret the Bible, demonstrate a working knowledge of the history and application of Christian theology, preach and teach the gospel in a local cultural setting, conduct programs in their local churches that will facilitate the ongoing vitality of the Christian faith, and pursue advanced academic studies.

* Students who have strong computer skills have the option to request a computer competency exam. Those passing the exam may substitute another General Education course in place of CSC 1023. Please contact your enrollment office for fees and other information.

† Students should not enroll in GUO 1011 Essentials of Learning at Global University if they have completed GUO 1002 Orientation to Global University Learning. Students enrolling through a Global University national office should enroll in GUO 1001 Orientation to Global University Learning.

Note: This program is offered as a Bachelor of Biblical Studies or Bachelor of Theology in some countries.

Capstone requirement. This program requires students to complete an undergraduate capstone requirement. The capstone consists of four activities: (1) a Bible and Theology posttest, (2) a written essay, (3) a verbal communication recording, and (4) the Graduate Follow-Up Survey. All four capstone components are required for students graduating with a full BA or second BA. It is recommended that students begin working on the essay and verbal components of their capstone within six months of graduating. The posttest and Graduate Follow-Up Survey should be completed during their last course. Students should submit all four capstone components before requesting the final exam for their last course. There is no cost for these assessments.

Thesis option available. Students who plan to continue their education in graduate school or seminary may study this program with a thesis option to better prepare themselves for studies at that level. A 6-credit thesis and two 3-credit Undergraduate Greek courses can be selected to replace an equal number of elective credits in this program. For more information, contact a degree audit specialist for advisement at 800.443.1083 or by e-mail: degreeaudit@globaluniversity.edu.

Four-Year BA Degree in Christian Education

The Bachelor of Arts in Christian Education is designed to provide the student with the knowledge and skills necessary to serve in the teaching ministry of the local church. While NOT a teacher certification program, the successful completion of this degree may qualify the student to teach courses in some Christian or private schools and/or administer programs in Christian education. After successfully completing this curriculum, students will be able to interpret the Bible properly, demonstrate a working knowledge of the history and application of Christian theology, preach and teach the gospel in a local cultural setting, conduct programs in their local churches that will facilitate the ongoing vitality of the Christian faith, teach courses in schools and/or administer programs in education, and pursue advanced academic studies.

THREE-YEAR BACHELOR OF ARTS DEGREE PROGRAMS

(For students in a qualifying international education system)

The typical North American high school curriculum prepares college-bound students for a four-year bachelor’s degree program. However, many international school systems prepare qualified high-school students for the three-year bachelor’s degree program. For this reason, Global University offers three 3-year bachelor of arts programs through national offices: Bible and Theology, Christian Education, and Intercultural Studies. The student should contact his or her national office to find out if the three-year program is offered in his or her country.

To be accepted into one of these three-year bachelor’s programs, the student must (a) complete the application process, (b) have graduated from a qualifying international educational system that endorses the three-year bachelor’s degree program, and (c) have “A”-level certificates or the equivalent.

The curricula for the three-year Bachelor of Arts degrees requires a total of 90 credits. A minimum of 30 credits must be enrolled through Global University, 15 of which must be in the student’s major.

The capstone consists of four activities: (1) a Bible and Theology posttest, (2) a written essay, (3) a verbal communication recording, and (4) the Graduate Follow-Up Survey. All four capstone components are required for students graduating with a full BA or second BA. It is recommended that students begin working on the essay and verbal components of their capstone within six months of graduating. The posttest and Graduate Follow-Up Survey should be completed during their last course. Students should submit all four capstone components before requesting the final exam for their last course. There is no cost for these assessments.

SECOND BACHELOR OF ARTS DEGREE PROGRAMS

Students who have already completed an undergraduate degree may enroll with Global University to study for a second bachelor of arts degree. Please note the admission requirements for this program stated in the Undergraduate Program “Objectives and Design” section.

Global University assumes the previous major will normally have been in a field unrelated to Christian ministry. However, if the student’s educational background includes some courses in Bible, theology, intercultural studies, or church ministry relevant to the selected major, it may be possible to transfer some of these credits. Second Bachelor of Arts degrees require a minimum of 55 credits. At least 30 credits must be enrolled through Global University, 15 of which must be in the student’s major.

Second BA Degree in Bible and Theology

The Second Bachelor of Arts in Bible and Theology is designed to provide the biblical and theological knowledge necessary for students to carry out Christian ministry in the local church and/or to pursue advanced academic studies. After successfully completing this curriculum, students will be able to properly interpret the Bible, demonstrate a working knowledge of the history and application of Christian theology, preach and teach the gospel in a local cultural setting, conduct programs in their local churches that will facilitate the ongoing vitality of the Christian faith, and pursue advanced academic studies.

*B Students should not enroll in GUO 1011 Essentials of Learning at Global University if they have completed GUO 1002 Orientation to Global University Learning. Students enrolling through a Global University national office should enroll in GUO 1001 Orientation to Global University Learning.

Capstone requirement. This program requires students to complete an undergraduate capstone requirement. The capstone consists of four activities: (1) a Bible and Theology posttest, (2) a written essay, (3) a verbal communication recording, and (4) the Graduate Follow-Up Survey. All four capstone components are required for students graduating with a full BA or second BA. It is recommended that students begin working on the essay and verbal components of their capstone within six months of graduating. The posttest and Graduate Follow-Up Survey should be completed during their last course. Students should submit all four capstone components before requesting the final exam for their last course. There is no cost for these assessments.

Students Studying for Assemblies of God Credentials (USA)

If you are studying this second bachelor of arts degree to satisfy an educational requirement for ministerial credentials with the Assemblies of God (USA), the following course is required by the General Secretary's Office: HIS 3123 Assemblies of God History, Missions, and Governance. This course does not appear in the program above but can be taken as a general elective. For further information, please call 800.443.1083, option 4.

DIPLOMA PROGRAMS

Global University offers two diploma programs: a two-year Diploma in Ministry (60 credits minimum) and a three-year Diploma in Bible and Theology (90 credits minimum). At least one quarter of the program (or 15 credits and 23 credits respectively) must be enrolled through GU. The Diploma programs are an ALTERNATIVE to the AA and BA degrees. They are not meant to be a pathway to an AA or BA degree. Though diploma courses may apply to degree programs, be advised that this approach may result in students taking additional credits beyond the minimum required.

Diploma in Bible and Theology

The Diploma in Bible and Theology is focused on biblical/theological education. It offers basic training for practical Christian service. After successfully completing this curriculum, the student will be able to function effectively in a practical or specialized ministry context.

Since Global University is a school endorsed by the Alliance for Assemblies of God Higher Education (AAGHE), any bachelor of arts or higher degree from Global University will meet the education requirements for ministerial credentials with the AG. If a student’s primary goal is to receive ministerial credentials and then receive a degree, the student may take the courses listed below and then apply to his or her local AG District. Global University does not issue ministerial credentials; students must contact their local AG District for further instructions on the credentialing process.

NOTE: Students enrolled in a second BA program should refer to the 2019 “Second Bachelor of Arts Programs: Recommended Course Sequence for USA Assemblies of God Credentials” document on the next page or posted on Global University’s website at https://www.globaluniversity.edu/pdf/CredentialingSequence.pdf.

Methods of Instruction
Global University uses a variety of methods to meet the needs of its students at all levels of study. Global University students are pastors, evangelists, and national church leaders desiring to continue their ministerial education, as well as those preparing to enter the ministry for the first time. Many GU students are laypersons who want to have the training necessary to work more effectively in their local churches.

Many Global University students study independently, but GU also works closely with several Bible schools for the benefit of their students. Global University endeavors to select the methods appropriate for each type of learning situation.

The following are some of the ways students may study with Global University:

1. **Independent Study:** Independent-study students may study alone on a personally developed schedule. This enables them to minimize any disruption of their regular routines of ministry, employment, and family responsibilities. Global University courses are specifically designed to meet the needs of independent-study students. The presence of an instructor is not required; however, an examining supervisor must administer the final examination.

2. **Guided Independent Study:** In this mode a facilitator interacts with the student to guide and encourage his or her study. If approved as an examining supervisor, the facilitator may also administer the final exam.

3. **Facilitated Courses:** From time to time, Global University facilitates courses in conjunction with the program of a Global University representative or residential Bible school. Facilitated courses provide an opportunity for students to interact with other students as well as the facilitator while studying course materials.

4. **Study Groups:** Many Bible study groups use Global University courses. These include church Bible study groups and citywide Bible study projects. Such groups usually take direction from a facilitator, pastor, or other group leader. Or a study group may simply be a place where students study together with some tutorial assistance.

5. **Global University/Residence Bible Schools:** Although primarily designed for independent study, Global University study materials are adaptable for classroom use.

6. **Digital Files:** Students who enroll in Global University undergraduate courses have the option of downloading course materials as digital PDF files from the Global University website. Digital files allow students to study on personal computers or other electronic devices. Some textbooks required for GU undergraduate courses may be purchased in e-format from other distributors.

7. **E-Learning:** Beginning January 1, 2019, selected courses will be offered via an integrated e-learning format that will allow students to access and complete their courses online. This method of study will guide students through the same quality GU course materials using online tools and resources developed for a more interactive learning experience.

Using Your Global University Materials
Global University’s study materials are designed to provide you with direction throughout your course. There are various formats, including an approach utilizing a textbook and study guide (print or online), and an Independent-Study Textbook (IST) approach. These materials include an extensive course introduction which serves to guide the student through the requirements and design of each specific course.

Completing Coursework
A student should expect to spend 45 hours of total study time/coursework time per credit. Thus, you should be prepared to spend approximately 135 hours per 3-credit course (though the actual amount of time spent in the course may be more or less depending upon your previous education and experiences). In general, a student will read through a lesson of material, answer questions/do activities, take a self-test, and move on to the next lesson—all at their own pace (unless studying in a group or school setting). After completing a unit of lessons, the student will take a unit progress examination to measure their level of mastery of the material. Most courses also require submission of a written project, a service learning project, and a proctored final examination (or, possibly, split exams). If the course is taken for 3 credits, it will typically involve reading an additional textbook and completing an additional writing assignment (though some courses only involve an additional assignment). Again, the requirements for each individual course can be found in the course introduction.

Time Limit for Completing a Course
The time limit for completing a GU undergraduate course is six months from the date the order is processed by GU. Students are expected to complete their studies within this prescribed length of time. Courses not completed within the specified time limit are noted on the transcript as incomplete (INC).
Course Examinations

The final examination must be arranged by you, your examining supervisor, and your Global University enrollment office. International students should contact their enrollment office well in advance of the date they want to take the examination. Directly enrolled students should submit proper forms four weeks before their scheduled test date. The final exam is an objective test with no essay questions (available online or via the postal service). The final exam is primarily multiple choice but may include true/false and/or matching. It is the student’s responsibility to complete the final examination before the course expiration date. Proper planning is essential.

Note: Some courses have two exams—a midcourse examination and an end-of-course examination—and include alert notifications that inform the student when to arrange to take each exam.

1. The student is responsible for completing the Student’s Request to Take Final Examination form. Directly enrolled students may obtain this form from the Student Packet or Essential Course Materials, the Undergraduate Supplemental Procedures Manual, or Global University’s website. International students will find this form in their Student Packet or Essential Course Materials. The final examination in any course may not be taken until the following have occurred:
   a) A Subject Enrollment Form (SEF) or course order has been received at the International Office.
   b) A student number has been officially assigned.
   c) The proper final exam request information has been received by the International Office.
   d) Arrangements have been made for an approved examining supervisor to administer the final examination.
   e) All projects and assignments that are part of the final grade have been submitted. For all undergraduate courses (except biblical languages courses), students will not receive course credit or a final course grade if the required SLR has not been submitted.

2. The confidential final examination, with a control number affixed, is sealed and sent by the International Office in Springfield, Missouri, to the national representative or directly to the examining supervisor. If sent to a national representative, he or she records its arrival and sends it to the Global University examining supervisor.

3. The examining supervisor arranges with the student a time and place for the examination and administers it. The examining supervisor must be present in the room with the student during the entire time the examination is being given. All parts of the final examination must be returned by the examining supervisor to the Global University International Office. Exam supervisors for directly enrolled students must return the final exam, whether completed or

not, by the due date listed on the exam Scantron. Failure to do so will incur a fee per exam.

Notification of Grades

The Global University International Office scores all examinations. Upon completion of all the requirements of a given course, the grade is forwarded to the student on a Final Grade Report (FGR) form. The grade is permanently recorded at the International Office.

Resubmitting Written Assignments

If a student receives a score of 60–79 points out of the maximum 100 points on a written assignment, the student can request permission to resubmit and attempt to raise his or her score. (The maximum grade allowed on a resubmission is 80 points.)

If the student receives a score of 59 points or below, the student automatically has the option to resubmit the assignment, and the faculty grader should encourage the student to do so. However, the student is not required to resubmit the assignment.

In all cases, only one resubmission is permitted per assignment (project or CRA/CWA). The maximum grade that can be assigned to a resubmitted assignment is 80 points. The resubmission score, whether higher or lower than the original score, will be the final score.

Resubmissions must be submitted before the course expiration date. Resubmissions received after the six-month expiration date will not be scored. The student will need to pay the full tuition and re-enroll in the course for the resubmission to be scored.

The Service Learning Requirement (SLR) is graded as Satisfactory/Unsatisfactory. If a student receives an Unsatisfactory, they will be required to redo the assignment and submit it. A course is not complete without a Satisfactory SLR.

If You Do Not Pass a Course

Global University is committed to the goal of fostering a high level of success in learning on the part of each student. The course materials are designed to enhance the possibility of success for students who carefully follow the instructional sequences given and complete all learning exercises according to the instructions in the Independent-Study Textbook or Study Guide.

To qualify to retake your final exam, you must

1. have received a final grade for the course below 73 percent and scored less than 73 percent on the final exam;
2. contact your national representative or the International Office in Springfield, Missouri, to retake the examination (a retake fee may apply); and
3. complete the retake exam before the course expiration date. Retake exams completed after the six-month expiration date will not be scored. The student will need to
pay the full tuition, re-enroll in the course, and then submit a new final exam request.

Before taking the second examination, carefully review the course materials and attempt to correct learning inadequacies. The score received on the retake examination, whether higher or lower than the original exam score, is the final score. If you fail to earn a passing score through reexamination and you desire to take the exam a third time, you will be required to re-enroll in the course and pay the applicable fees to receive credit.

**NOTE:** Retakes will not be permitted for examinations in the mathematics courses—MTH1103, MTH2503, and MTH3303—due to the unique design of these courses and their examinations.

COURSE DESCRIPTIONS

Acronyms used in course descriptions and “Materials required” lists are defined as follows:

IST: Independent-Study Textbook. The IST contains all materials necessary for completing the course.

SG: Study Guide. The SG is written to accompany an outside textbook. The outside textbook will be listed under “Materials required.”

Bible Division

The Bible is a primary textbook, along with the listed text, for each of the Bible courses.

BIB 1032/3 The Life of Christ in the Synoptic Gospels (2 or 3 credits)
This course is a study of the life of Christ from the viewpoint of the Synoptic Gospels—Matthew, Mark, and Luke. The Life of Christ in the Synoptic Gospels helps the student grasp the chronological progression and the spiritual significance of important events in Christ’s life. It also stresses His message and His method, including His parables and miracles. Organized around three themes—the world, the Man, and the message—this study helps students integrate their understanding of His life and work with a clear commitment to live by the principles He taught and the values He demonstrated. They are enabled to preach and teach about Christ with greater understanding and effectiveness.

BIB 4053 Corinthians (3 credits)
How does one relate the Bible to contemporary church life? In the Corinthians Study Guide, the author helps the student do this through an in-depth study of the Corinthian letters. He begins with exegesis, teaching the student how to use this method of Bible study to understand the problems faced by first-century Corinthian believers. Then, for each major problem the apostle Paul dealt with, the author suggests a possible solution or an interpretation that can be applied to the church today. This course is especially helpful to those who desire to preach and teach as it demonstrates how one can be ready for Jesus’ coming and encourage others to prepare for His coming (1 John 3:3).

LIT 1212/3  Old Testament Literature: His Story  (2 or 3 credits)

This course is a study of beginnings. It shows how the ancient, inspired Hebrew writers expressed in narrative form a record of God’s saving deeds from the beginning of God’s work with all humankind. From these narratives, students can see God’s unfolding plan of redemption through what Christians believe to be God’s revelation. Concepts like covenant, priesthood, law, trust, faithfulness, and righteousness come from the Old Testament. Such knowledge is basic to understanding the New Testament. The Old Testament is the only Bible Jesus, His followers, and the early believers had. Storytelling is one of the oldest methods of communicating from one generation to the next. Learn to tell God’s story from the record of the Old Testament and be equipped to pass it on to your generation and those to follow.

Students enrolled in the course for 3 credits must complete a CRA. The textbook for the CRA is listed under “Materials required.”

Materials required:
IST: Old Testament Literature: His Story by Steven M. Fettke
CRA Textbook (LIT 1213 only): They Spoke from God: A Survey of the Old Testament compiled and edited by William C. Williams

LIT 1312/3  The New Testament as Literature  (2 or 3 credits)

This course is intentionally a literary approach to understanding the New Testament and is not intended to be a survey course. More attention is given to understanding literature—especially divinely sponsored literature—than is given to surveying the specific contents of each book. The overarching goal is to prepare students to appreciate and understand the New Testament more fully in its divinely ordained original context. The intent is that this understanding will better equip students to be faithful in interpreting the Word more closely to the authorial intent.

(This course has replaced LIT 1303 New Testament Literature, formerly titled BIB 1023 New Testament Survey. Students who successfully completed either LIT 1303 or BIB 1023 cannot enroll in and receive credit for LIT 1312.)

Students enrolled in the course for 3 credits must complete a CRA. The textbook for the CRA is listed under “Materials required.”

The person, work, gifts, and ministry of the Holy Spirit are examined in this biblical study. Among the questions discussed from both the Old and New Testaments are these: Who is the Holy Spirit? What is the baptism of the Holy Spirit? How do I live a Spirit-filled life? Students are encouraged to apply these and other related biblical teachings to their own teaching and preaching ministries.

Students enrolled in the course for 3 credits must complete a CRA. The textbook for the CRA is listed under “Materials required.”

### THE 1032/3 God and Angels
(2 or 3 credits)

This Independent-Study Textbook attempts to present a broad biblical view to help the student better understand the nature of God and angels. The course teaches that biblical theology clearly includes all people in God’s plan of redemption and that an unbeliever will be redeemed when he or she believes and accepts God’s plan of salvation. The study of angels is designed to give believers a more complete knowledge of the nature, power, and activities of angels.

Students enrolled in the course for 3 credits must complete a CRA. The textbook for the CRA is listed under “Materials required.”

*Man and Sin* is an introductory study of the biblical doctrines of the origin and nature of humankind and of the problem of sin and its effects. Students will learn to appreciate these subjects from a biblical, systematic, and, to a lesser extent, historical perspective. The course emphasizes biblical interpretation from the view of evangelical Christians, but this position is understood against the backdrop of predominant non-Christian worldviews.

Students enrolled in the course for 3 credits must complete a CRA. The textbook for the CRA is listed under “Materials required.”

The doctrine of salvation—the work of Christ in bringing lost humanity into fellowship with God—is the focus of *Soteriology*. This doctrine is treated in a logical progression, a kind of order of salvation. The study includes the doctrines of repentance, faith, conversion, regeneration, justification, adoption, sanctification, and prayer in the life of a Christian. The author carefully analyzes biblical passages relating to salvation and evaluates historical and contemporary views of salvation. The twelve lessons stress applying salvation truths personally and sharing them with others.

Faith and knowing are the two consistent themes of this course; the Study Guide examines and explains the relationship between them. The course helps the student persuade others that there is no better way to follow than that of faith in, and obedience to, the God of the Christian Scriptures.

**THE 4032/3 Christology: Jesus, Son of God in the Spirit**  
(2 or 3 credits)

The Christian faith rests entirely on one’s confession that Jesus Christ is the Son of God and Lord over the nations in the power and presence of the Holy Spirit. This course will discuss what it has meant for Christians to confess Jesus as the Christ throughout church history, how Western philosophy and culture have impacted this confession, and what is necessary for Christians today to be faithful to that confession in their own contexts and cultures. Recent trends in theology, philosophy, biblical studies, and modern culture call for a renewed emphasis on the biblical narrative in a person’s confession that Jesus is the Son of God. This course will show how the biblical narrative determines meaning for the church’s faithful witness to Christ’s lordship, its proclamation of the gospel, and its making of other disciples.

Special Courses

*80 Directed Reading (2 or 3 credits)
This is a special study under the direction of a Global University adviser in some area of interest to the student that is relevant to his or her academic program. A proposal for the directed reading course, detailing the books to be read and project to be completed, must be submitted to the International Office for approval by the Dean of the Undergraduate School of Bible and Theology. The course number will vary by the division of study (Bible, Theology, Church Ministries, Intercultural Studies, or General Education) and the credit hours assigned to the project.

*956 Thesis (6 credits)
A bachelor’s thesis is written under the direction of a Global University adviser. Students must be within six credits of completing all coursework required by the degree program before submitting their thesis proposal. Students must submit their enrollment for the thesis at the same time as they submit the thesis proposal. The thesis proposal must be developed by the student and approved by the Dean of the Undergraduate School of Bible and Theology before enrollment in this course is permitted. Once the thesis proposal is approved, students will have twelve months to submit the final copy of the thesis. Write to your Global University representative for further information.

Note:
Global University may use the thesis for archives, research, and academic example both in hard copy and electronic formats, including posting the thesis on the Global University Library website for use by students, faculty, and other registered users. A student has the option to grant written permission for any purpose other than those listed. All other copyright privileges relating to the thesis belong to the student.

*Special Projects (1, 2, or 3 credits)
These are individualized activities using special readings and/or research techniques to meet some unique need in the particular division of study. Any student desiring to do a special project must make a proposal to the Dean of the Undergraduate School of Bible and Theology. Up to three credits may be earned. The work must be done in a specific academic discipline, such as Bible (BIB409*), theology (THE402*), church ministries (MIN406*), or intercultural studies (MIS406*). The last number in the course code for the special project reflects the assigned number of credits that can be earned; for example, BIB 4093 earns three credits.

* The subject area of the directed reading, thesis, or special project determines the prefix attached to the course number; for example, MIN4803 indicates a directed reading in the subject area of ministry.
