“The Global University program helps me to better understand and teach the Word of God. I like to study with Global because the courses are interesting and a help to my understanding. Moreover, the Service Learning Requirement enhances my ministry skills. This Acts course helped me to see the effective ministry of the apostles and other disciples. They carried out the gospel with boldness and the Holy Spirit expanded their ministry. Applying the same principles as the leaders in the early church will help me to do ministry more effectively.”

Welcome to Global University!

All of us here at Global are pleased to learn of your interest in our school. We are delighted that you are seeking to prepare yourself for service in God’s harvest field. Our catalog provides information concerning who we are, our mission, history, and policies and procedures, as well as our various plans of study. We trust you will identify a program of study to help you prepare for God’s call on your life.

A unique aspect of our program is the emphasis on applied learning and ministry through our Service Learning Requirement (SLR). This requirement allows learners to move more rapidly from theory to practical application of what they are learning. In other words, learners benefit from the integration of academic rigor with practical application throughout their studies.

Global University is comprised of four schools providing a seamless approach to study ranging in academic level from certificates (initial evangelism and discipleship courses) through graduate degrees. The four schools are Center for Evangelism and Discipleship, Berean School of the Bible (offering adult continuing education courses to equip people for church leadership), Undergraduate School of Bible and Theology (offering associate and bachelor degrees), and Graduate School of Theology (offering master of arts and master of divinity degrees). Catalogs for each school are available on our Web site at www.globaluniversity.edu.

Global University's learners benefit from not only increased knowledge through studying course content, but from spiritual growth and increased discipline. Our instructional design helps them gain skills for a lifetime of learning, service, and ministry. Students and alumni fill positions of ministry as teachers, pastors, and missionaries. Others serve as local, district, and national church leaders. They actively work in both open and sensitive locations, fulfilling God’s call on their lives to impact eternity where they are and wherever God leads them.

Should you enroll and study with Global University, you will not be studying alone. Instead you will join students studying literally in every time zone of the world. We operate through a worldwide network of 232 offices serving over 300,000 students. We are committed to equipping people for service in churches, schools, and other ministries. As you study, rest assured our extensive University stands ready to assist you in any way we can.

God bless!

Gary L. Seevers Jr., Ph.D.
President
Let me take this opportunity to welcome you to the academic programs of Global University. We offer a seamless curriculum beginning with the principles and practice of evangelism and discipleship. You can start where you are in your educational journey and pursue a broad range of goals.

Institute-level study is provided by Global University’s Berean School of the Bible. Undergraduate studies lead to the Associate and Bachelor of Arts degrees. You may also earn a Master of Arts or Master of Divinity through studies at the graduate level. In all Global University studies there is an integration of faith and learning from a Pentecostal perspective.

Global University students and graduates avail themselves of every opportunity to put their learning into practice. Many GU students serve in ministry positions while they are studying and are already seeing the results of their labors. Multiplied thousands of people are hearing the gospel and accepting Christ as their Savior. Churches and schools are being established. The spiritual and temporal blessings of Global University training are being experienced around the world.

Those who elect to study with Global University are joining a student body that has a representative in every time zone of the world. GU students are able to access high quality education and apply ministry principles in their own living and learning context. Indeed, Global University is more than just a name; it is a description of who we are and where we serve. The certificates, diplomas, and degrees conferred by the university are part of a process that begins with your first Global University course and will continue throughout your lifetime.

We gladly receive you into the Global University family: students, faculty, staff, and administration, who are all involved in “impacting eternity by winning the lost and training the found—everywhere.”

Sincerely,

Robert A. Love, Ph.D.
Provost
FOREWORD

The population of the world is increasing at an unprecedented rate. There is an explosive increase in knowledge, and people are eager to learn. Global University has responded to this need by developing its own instructional tools in print, audio, video, CD-ROM, and online delivery formats that take the school to the student.

By utilizing the tools of contemporary educational technology, Global University is expanding the resources of the church. Global University's courses are applicable for distance education instruction, school classrooms, learning centers, other types of group study, and individual study.

Qualified writers from many nations write and develop the course materials that are then distributed around the world in many languages. This contributes to fulfilling Global University's motto: Impacting eternity by winning the lost and training the found—everywhere!

HISTORY

Global University has a distinguished heritage spanning almost six decades. Its rich history is a blending of the achievements of two distance education institutions. This dual foundation of experience adds academic strength to the entity created by the merger of ICI and Berean Universities.

The Assemblies of God Fellowship recognized that not everyone who desired ministerial preparation could attend a residential Bible training institution. Therefore a distance education program for ministerial candidates was begun in 1941. This program developed into the Berean School of the Bible by 1958 and was headquartered in Springfield, Missouri.

In 1967 International Correspondence Institute (ICI) was founded under the auspices of the Division of Foreign Missions. This second distance education school was designed to provide evangelism, discipleship, and workers' training courses as well as bachelor degrees to students all over the world. George M. Flattery, who first envisioned the school, was its founding president. Its offices moved from Missouri to Brussels, Belgium, in 1972 and remained there until 1991.

Both Berean School of the Bible and ICI grew rapidly, adding courses and programs to meet the growing needs of their students. Berean, which was utilizing courses developed by ICI for its degree programs, became Berean College in 1985 and Berean University in 1995. ICI moved from Brussels to Irving, Texas, in 1991 and became ICI University in 1993.

Both institutions remained faithful to their respective missions. Similarity in educational approach, mission, and services made a merger of the two institutions logical. Both universities were making significant advances in electronic delivery via the Internet and other technologies. Rather than duplicating costly delivery systems, a united university would result in better stewardship of technological and human resources. Thomas Trask, General Superintendent of the Assemblies of God at that time, and Executive Director of World Missions L. John Bueno agreed to initiate the merger.

Global University now has four schools (one of which is referred to as a center: (1) Center for Evangelism and Discipleship, (2) Berean School of the Bible, (3) Undergraduate School of Bible and Theology, and (4) Graduate School of Theology. All of these schools of Global University are truly global in outreach. Students at home and abroad enroll in all levels of study. Global University works closely with Assemblies of God World Missions, U.S. Missions, and other divisions of the General Council.

Global University continues to write new chapters of history as it impacts eternity by winning the lost and training the found—everywhere! This means using various media technologies through anointed courses, curricula, consultation, and cooperation, equipping people to be Christ's disciples with the help of God to His glory and the expansion of His kingdom.

CENTER FOR EVANGELISM AND DISCIPLESHIP

Evangelism courses present a basic understanding of the gospel for those seeking to know the saving truths of God’s Word. These courses are available for children and adults.

Discipleship courses help new believers explore foundational topics of Christian living, including prayer, Bible study, and worship. These courses also provide an in-depth approach to Bible study and application through teaching, spiritual gifts, witnessing, discipleship, and other important topics.

BEREAN SCHOOL OF THE BIBLE

Berean School of the Bible (BSB) offers adult continuing education programs of study. A select sequence of courses offered through BSB satisfies ministerial study requirements (approved by the General Presbytery of the Assemblies of God, USA) and provides enrichment learning for lay leaders.

DEGREE PROGRAMS

Global University’s degree programs are provided by the Undergraduate School of Bible and Theology and the Graduate School of Theology. Together, these schools offer a wide range of specific programs: certificates and diplomas, Associate of Arts, Bachelor of Arts, Master of Arts, and Master of Divinity degrees. For further information concerning the degree programs, please contact your director, the International Office of Global University, or check the university’s Web site at www.globaluniversity.edu.

UNDERGRADUATE SCHOOL OF BIBLE AND THEOLOGY

The programs of the Undergraduate School of Bible and Theology are designed for ministers, ministerial students, and laypersons who seriously desire a biblical education. The degree programs are open to all with a high school diploma or its equivalent. Advanced academic placement through transfer of credit is possible for those with previous undergraduate training.

General Education: Curricular Philosophy and Objectives

Global University’s curriculum gives its students the learning experiences that lead not only to depth of knowledge and skill in the major area of study but also to a complementary breadth of learning. Consequently, the institution designs every degree program to require the student to complete three components: (1) a comprehensive Bible and theology core, (2) a selected major, and (3) a broad general education core. The Bible and theology core provides a basic biblical education for all students. The selected major allows students to prepare themselves according to their individual interests, abilities, and sense of calling. The general education core helps students understand the contemporary world and how to relate to it.

Global University values general education as a foundational, broad-based educational complement to the professional, theological training component. The university recognizes that an understanding of one’s own and other cultures and an ability to relate both interculturally and cross-culturally in the contemporary world are crucial to effective ministry. The general education program prepares students for such ministry by facilitating their enculturation into the global context in which they live and serve and by helping them understand and appreciate the individual person within a complex and culturally diverse world.

The learning experiences offered by the Global University general education program allow students to prepare themselves according to their individual interests and sense of calling, to integrate breadth of learning with the Christian worldview across many disciplines, to develop communication and critical thinking skills, and to cultivate a desire for disciplined personal growth and lifelong learning.

General Education: Content Areas

General education courses at Global University are divided into four broad areas: Humanities and Fine Arts, which includes history, culture, and philosophy; Language and Communication Arts; Natural Sciences and Mathematics, which includes the health sciences and technology; and Social and Behavioral Sciences, which includes education, sociology, and psychology.
General Education: Broad Program Goals

Global University's faculty believes the general education program should enable students to achieve the following goals:

- Demonstrate mastery of mathematical and quantitative skills necessary for everyday life.
- Use information technology effectively.
- Demonstrate effective written and oral communication skills.
- Describe the historical, sociological, and cultural influences and contexts of the world.
- Demonstrate the ability to derive conclusions from complex information (thereby showing the ability to think critically and analytically).
- Differentiate among the various humanities and artistic expressions of diverse cultures.
- Describe the natural and physical world in which we live.
- Practice the pursuit, evaluation, and application of knowledge throughout life.
- Compare and contrast one's own worldview with the worldviews of others.

Global University offers thirty courses in the various areas of general education. Additional courses are being added each year. Students are required to study specific courses in each area and are able to choose other courses as electives. This selection of general education courses exposes the student to the disciplines deemed necessary for professional and social interaction. Thus, a practical need drives the general education requirement.

This general education component demonstrates breadth and coherence through variety and promotes critical thinking and creativity through its system of formative and summative evaluation, course projects, collateral reading assignments, and service learning requirements. The institution recognizes the importance of the general education content areas to the development of historical perspective, communication, critical thinking, and quantitative reasoning skills necessary to life in a global society.

Assessment of Achievement

The Global University evaluation system is based on the ideals of mastery learning, objective-based course content, formative and summative evaluation, and criterion-referenced testing. Each course presents the student with broad goals and specific objectives. An instructional design guides the learning process. Formative evaluation takes place throughout the course, and a summative evaluation is its capstone.

Thus the student is given the opportunity to demonstrate that he or she obtained the requisite learning and skills. This is accomplished through valid and reliable evaluation, the completion of projects, the reading of collateral literature, and various forms of written responses requiring the demonstration of analytical ability, critical thinking, evaluation skills, and clarity of communication in written form. Thus, in addition to specific course outcomes, the objectives of creativity and critical thinking pervade curricular patterns. This integrated approach overarches the curriculum.

Graduate School of Theology

The mission of the Graduate School of Theology is to provide advanced, in-depth, specialized study of the Bible and related subjects at the post-bachelor's degree level. Its purpose is to equip students for individual research, personal scholarship, and practical application. The Graduate School of Theology offers post-baccalaureate degrees and certificates through an individually structured, distance education format utilizing mentors and printed and electronic materials to guide students in study and research.

The degrees offered are a Master of Arts in Biblical Studies, a Master of Arts in Ministerial Studies, and a Master of Divinity. Graduate Studies Certificates are offered in New Testament Studies, Education, Intercultural Studies, Leadership, and Ministries. For more information about specific graduate (post-baccalaureate) programs, request a Global University Graduate Studies catalog from your enrollment office or the International Office of Global University, or visit our Web site at www.globaluniversity.edu.

UNIVERSITY FACULTY

Individuals who serve Global University as faculty are included in the following categories:

**Resident Faculty**

Global University resident faculty are those academically qualified individuals serving at the International Office whose activities consist primarily of writing, developing, and teaching courses.

**Adjunct Faculty**

Adjunct faculty are academically qualified individuals throughout the Global University network who periodically write, facilitate, and evaluate Global University courses in field settings or serve as tutors for students studying independently with the university. Most authors of the degree programs hold doctorates in their fields, while all hold at least a master's degree. In addition, these content experts have had years of practical experience as pastors, teachers, church leaders, or school administrators. As subject matter experts, they contribute their knowledge, experience, and expertise to the development of instructional programs that meet the needs of ministerial students. Global University invites outstanding experts from many fields to serve on its faculty. These academically, spiritually, and experientially qualified teachers come from institutions of higher learning and other places of ministry all over the world.

Global University is a member of The Alliance for Assemblies of God Higher Education (AAGHE), the American Association of Collegiate Registrars and Admissions Officers (AACRAO), the Asia/Pacific Theological Association (APTA).

NOTICE OF NONDISCRIMINATORY POLICY

BASIC STANDARDS OF ACADEMIC INTEGRITY

Registration at Global University requires adherence to the university's standards of academic integrity. Many of these standards may be intuitively understood and cannot in any case be listed exhaustively; the following examples represent some basic types of behavior that are unacceptable:

1. Cheating: (a) using unauthorized notes, aids, or information when taking an examination; (b) submitting work done by someone else as your own; (c) copying or paraphrasing someone else's essays, projects, or other work and submitting it as your own.

2. Plagiarizing: submitting someone else's work and claiming it as your own or neglecting to give appropriate documentation when using any kind of reference materials. Plagiarism, whether purposeful or unintentional, includes copying or paraphrasing materials from the study guide, textbook, someone else's writing, or any other source (published or unpublished). Any words, thoughts, or ideas taken from any other source must be properly documented according to the Global University Undergraduate Form and Style Guide.

3. Fabricating: falsifying or inventing any information, data, or citation.

4. Obtaining an unfair advantage: (a) stealing, reproducing, circulating, or otherwise gaining access to examination materials prior to the time authorized by the instructor or examination supervisor; (b) unauthorized collaborating on an academic assignment; (c) retaining, possessing, using, or circulating previously given examination materials where those materials clearly indicate they are to be returned to the examination supervisor or to the Global University offices at the conclusion of the examination.

Disciplinary action for not maintaining basic standards of academic integrity may range from lowering a grade for a paper to dismissal from the program, depending on severity of the offense.

Due Process of Student Rights

In all cases involving academic dishonesty, the student charged or suspected shall, at a minimum, be accorded the following rights:

1. Prompt investigation of all charges of academic dishonesty, to be conducted, insofar as possible, in a manner that prevents public disclosure of the student's identity. Such investigation may include informal review and discussion with an official of the school prior to bringing a charge, provided that such review does not compromise the rights of the student in the formal process.

2. Reasonable written notice of the facts and evidence underlying the charge of academic dishonesty and of the principle(s) of academic integrity said to have been violated.

3. Reasonable written notice of the procedure by which the accuracy of the charge will be determined.

4. Reasonable time, if requested, within which to prepare a response to the charge.

5. A hearing or meeting at which the student involved may be heard and the accuracy of the charge determined by a neutral decision maker.

6. Review of any adverse initial determination, if requested, by an appeals committee to whom the student has access in person. Generally, implementation of sanctions will be suspended until all appeals made by the student have been exhausted.

7. Final review of an unsuccessful appeal, if requested, by the President or an advisory committee designated by the President.

As Christians we look to the Scripture to guide our conduct. Therefore, students are expected to conduct themselves according to biblical principles of behavior. Examples of such principles are found in Romans 12:9–21; Galatians 5:22–23; and Ephesians 4:1–3, 25–32. The Code of Conduct also applies to verbal and written communication with Global University representatives, faculty, staff, and students. Furthermore, it extends to all electronic communication, including threaded discussions and e-mail with faculty and students.

Violation of the Code of Conduct may result in disciplinary action, including dismissal from the program.

CODE OF CONDUCT

Global University is a Christian educational institution aiming to, among other things, equip men and women to fulfill God's calling on their lives. Christian conduct is therefore an expected norm. While Global University reaches many cultures around the world, it is understood that some practices acceptable in one culture may not be acceptable in another.
Global University takes complaints and grievances seriously. The Department of Student Services, of GLU’s Academic Affairs office, maintains and monitors a complaint or grievance file. The complaints received usually belong in two general categories: (1) the course content or (2) the course delivery and support system.

- Complaints relating to course content are referred to the University Materials Development (UMD) department and to the Professor of Record (POR) for the course. A student representative will then contact the student with an answer to the student’s question(s) or with a solution to the student’s problem.
- Complaints relating to the delivery and support system are handled through the Student Services department. A student representative will contact the student to resolve the difficulty. In some cases, this leads to the establishment of new policies or procedures to improve the delivery system for all students.

In more difficult or complex situations, especially those involving problems spanning more than one department, the complaint is referred to the Provost. As necessary, the Academic Affairs Committee will also become involved to resolve student complaints in a timely and satisfactory manner.

Should a student wish to file a grievance with Global University, he or she may choose any one of the following three contacts:

1. A student may contact a Global University faculty member or national office staff member by e-mail, phone, fax, post/mail, or in person. Often, problems are easily resolved at this level.

2. A student may contact the Enrollment Services or Student Services departments of Global University by e-mail, phone, fax, post/mail, or in person. Enrollment Services or Student Services personnel are trained to resolve student concerns.

3. A student may contact any administrator of Global University by e-mail, phone, fax, post/mail, or in person. In these cases, the matter typically will require a period of investigation in order to be resolved.

Once a concern, complaint, or grievance is received, every effort will be made to resolve the issue personally and quickly. Should a student not be satisfied with the resolution, the student can appeal the decision to the International Office of Global University and directly to the Provost’s Office. Should a student not be satisfied with the resolution, the student can contact the Provost’s Office and request that the issue be addressed by the Global University Academic Affairs Committee. The decision of the Academic Affairs Committee will be deemed final.

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. These rights are listed below:

1. **The right to inspect and review the student’s education records** within 45 days of the day Global University receives a request for access. Students should submit to the registrar written requests that identify the record(s) they wish to inspect. The registrar will make arrangements for access and notify the student of the time and place the records may be inspected. In place of inspecting the record(s), the student may request that they be copied and mailed to the student. In this case, the student will pay a copy fee of 15 cents (U.S.) per page in addition to postal costs.

2. **The right to request the amendment of the student’s education records** that the student believes are inaccurate or misleading. Students may ask the university to amend a record they believe is inaccurate or misleading. Students should write to the registrar, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when he or she is notified of the right to a hearing.

3. **The right to consent to disclosures** of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the university in an administrative, supervisory, academic, research, or support staff position; a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. The student has the right to file a complaint with the U.S. Department of Education concerning alleged failures by Global University to comply with the requirements of FERPA. The name and address of the office that administers FERPA are listed below:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202-5920
Global University’s Information Technology and Media Division provides delivery of the university’s evangelism, discipleship, and educational programs through the use of the Internet, CD-ROM, and other electronic media.

INTERNET COURSES

Global University offers several methods and levels of Internet study to meet its students’ needs. Internet-based courses provide an interactive, online learning environment with access to additional learning resources. Independent study allows students to progress through courses at their own pace. Students may be involved in threaded discussions and other forms of collaborative learning experiences.

All undergraduate-level assignments, with the exception of the final examination, may be submitted online. Graduate courses may be completed through Internet-based interaction with a graduate mentor.

In addition to degree-level study, evangelism and discipleship courses are offered online utilizing a variety of technologies. Visit www.globalreach.org to view online evangelism and discipleship courses. In the United States, students may also take online courses to fulfill the educational requirements for certified, licensed, or ordained minister’s credentials with The General Council of the Assemblies of God (USA) through Berean School of the Bible, undergraduate courses or programs, and graduate programs.

For further information about Internet options, visit Global University online at www.globaluniversity.edu.

LIBRARY RESOURCES

The Global University Library, located within GU’s International Headquarters in Springfield, Missouri, is a collection of both print and electronic resources that support the curriculum of the programs offered by the university. The library, which may be utilized for general research, is comprised of more than 25,000 volumes, including books, reference materials, periodicals, maps, microfiche, audio and video materials, and vertical files. Five thousand of those volumes are housed in the library of Evangel University, 2 miles from Global University. GU students and faculty have access to the entire Evangel University (EU) collection of over 125,000 volumes. Upon presentation of GU identification, faculty and students may use the facilities of the EU Library and borrow materials.

The Global University Library provides valuable online resources such as Encyclopedia Britannica Online Academic Edition, Academic Search Elite, and American Theological Association (ATLA) databases. These resources provide GU’s undergraduate and graduate students access to thousands of peer-reviewed journals, as well as an Online Research Center (ORC) with links to course-appropriate Web sites and other electronic articles. Berean School of the Bible students can also access many of the online study helps through the ORC.

You may access these resources via the Global University Library Web site at http://library.globaluniversity.edu. Online chat and e-mail “Ask-A-Librarian” features enable you to direct your research questions to a Global University reference librarian. Through technology Global University is continually expanding its online information services to support and enhance the distance-learning experience for its students.
FINANCIAL INFORMATION

FINANCIAL ASSISTANCE

A goal of Global University is to provide instructional programs at the lowest possible cost. Pricing information is available from the Global University director in your area or from the International Office in Springfield, Missouri. If you are working with a director, all fees are paid to your director. If you are not working with a director, fees are paid to the International Office.

U.S. VETERANS BENEFITS

Global University has been approved by the approving agency for U.S. veterans benefits. This approval is for the independent-study courses leading to an associate of arts degree, a bachelor of arts degree, a master of arts degree, or a master of divinity degree. Tuition, materials, and shipping and handling are paid by the veteran upon enrollment. Reimbursement of qualified expenses is made through the Veterans Administration (VA) following certification from Global University's VA enrollment office. Veterans who are interested in this tuition assistance should request information from Global University's VA enrollment office in Springfield, Missouri.

U.S. DEFENSE ACTIVITY FOR NON-TRADITIONAL EDUCATION SUPPORT (DANTES)/TUITION ASSISTANCE (TA)

The courses offered by Global University are included in the DANTES catalog listing Distance Education and Training Council Schools that qualify for Defense Activity for Non-Traditional Education Support (DANTES). Approval for this listing makes it possible for those active in any branch of the U.S. military to receive tuition assistance for degree programs offered by Global University. To begin studying under this plan, military personnel must obtain a voucher from their military education office. This voucher must be completed and submitted to the Global University VA enrollment office. Global University's application and enrollment forms must also be completed. The application fee must be submitted with the student's application.

Educational benefit payments may be used for the cost of tuition. Students using DANTES/TA are responsible at the time of enrollment for the application fee, materials cost, shipping and handling, and any tuition amount not covered by tuition assistance. Students who desire to use DANTES/TA benefits must enroll through Global University's International Office in Springfield, Missouri.

POLICY ON INCOMPLETE COURSES FUNDED BY VA OR DANTES/TA

The time limit to complete a degree-level course is six months. If a student does not complete a course within six months, the student may request an additional six months to complete the course (see “Time Limit for Completing a Course” in the section titled “Course Guidelines and Requirements”). Should a student fail to complete a V A- or DANTES/TA-funded course, a failing grade of 50 percent will be assigned to the student's course grade. This grade will be calculated into the cumulative grade average that appears on the student's transcript. Reporting this grade to the Veterans Administration is required for VA students using GI Bill benefits.

AVAILABILITY OF FINANCIAL REPORTS

Global University makes available summaries from the annual financial reports as prepared by the university's external auditor to prospective students, alumni, and the public at large. These summaries may be obtained by contacting Global University's Chief Financial Officer.

UNDERGRADUATE ACADEMIC AND SPECIAL FEES

UNDERGRADUATE COURSE FEES

Because of the variety of components, the charges to students for Global University courses are divided into three categories:

1. The cost of textbooks. This cost varies from course to course. Textbooks may be obtained from your enrollment office.

2. The cost of the independent-study textbook/study guide and student packet. An independent-study textbook/study guide and student packet are designed for each course. These can be purchased through your enrollment office.

3. The academic fee. The academic or tuition fee will be paid to the enrollment office when a course is taken. This is the charge for instruction or instructional services.
CANCELLATION AND REFUND POLICY FOR UNDERGRADUATE COURSES

Global University strives to develop instructional materials and programs that will be completely satisfactory to the students who enroll with us. However, if it is necessary for you to discontinue studying a Global University course, the following refund policy will apply:

1. You may cancel your enrollment within five (5) business days after midnight of the day on which you signed the enrollment agreement (Subject Enrollment Card or order form). If you cancel your enrollment during this time, you will be given a complete refund of all money paid, excluding postage fees.

2. From five (5) business days after midnight of the day on which you signed the SEC or order form and until nine (9) months from the day on which you signed the SEC or order form, Global University will retain a registration fee (converted to local currency) of $75 or 20 percent of the total paid, whichever is greater. You may withdraw from the course as long as the course status is “In Progress.”

3. If you request cancellation after two months of your dated SEC or order form, Global University shall be entitled to the registration fee plus a percentage of the total cost of the course. The percentage will be calculated as follows:

   The registration fee will be deducted from the total cost of the course. Then, in addition to the registration fee, Global University will retain a percentage of any amount that remains. The percentage retained will depend on how much of the course you have completed. Therefore:

   a) Up to and including the completion of the first 10 percent of the course, the student will be refunded 90 percent of any remainder.

   b) If only one (1) written assignment for a three-credit course (between 10 percent and 25 percent of the course requirements) has been submitted, the student will be refunded 75 percent of the remainder.

   c) If one (1) assignment for a two-credit course or two (2) assignments for a three-credit course (between 25 percent and 50 percent of the course) have been submitted, the student will be refunded 50 percent of the remainder.

   d) If more than one (1) assignment for a two-credit course and more than two (2) assignments for a three-credit course (more than 50 percent of the course) have been submitted, GU shall be entitled to the full cost of the course.

4. If you request cancellation after 9 months, no refunds will be given. You may withdraw from the course as long as the course status is “In Progress.”

5. Refunds will be given only on materials that are in resalable condition and will be subject to a 20-percent restocking fee.
GLOBAL UNIVERSITY 2011

Undergraduate Academic Information

UNDERGRADUATE SCHOOL OF BIBLE AND THEOLOGY
The goal of our programs is to equip students with the knowledge necessary for serving in the church of the Lord Jesus Christ. The basis of all our courses is the Word of God and His mission to reach and train the lost of the world.

Global University has a student body that literally reaches around the globe in many different languages. Most of these students are already involved in evangelism, preaching, teaching, and other missionary and ministry activities. They need solid and practical biblical and theological teaching to enhance their ministries. For this reason, each course has been prepared by a person with depth of experience and high academic qualifications. All subjects are carefully selected to assist the student in being a servant-leader to his or her generation. They are also written within a perspective of cross-cultural communication.

The Undergraduate School of Bible and Theology offers degree programs in Bible and Theology, Intercultural Studies, and Religious Education. For qualified students living outside the United States and Canada, the school offers a three-year (96-credit) bachelor's degree program.

Global University has a competent and dedicated faculty and staff ready to assist students by mail, Internet, or telephone. Each faculty member has been carefully and prayerfully chosen, not only for his or her academic training and ministerial experience, but also for sensitivity to the Holy Spirit. Many faculty members have served in ministry positions in different nations of the world.

We invite you to be a part of our Global University family!

Sincerely,

Willard Teague, D.Min.
Dean
Undergraduate School of Bible and Theology
Global University’s academic programs are provided by the Undergraduate School of Bible and Theology and the Graduate School of Theology. These schools make available a wide range of specific programs: certificates and diplomas, associate of arts, bachelor of arts, master of arts, and master of divinity degrees. For more information about the graduate degree programs, see the current Graduate Studies Catalog.

The programs of the Undergraduate School of Bible and Theology are designed for ministers, ministerial students, and laypersons who are serious in their desire for a biblical education. The degree programs are open to all with a high school diploma or its equivalent. For those with previous undergraduate training, advanced academic placement through transfer of credit is possible.

Global University reserves the right to revise all announcements contained in this catalog and, at its discretion, to make reasonable substitutions or changes in requirements to improve or upgrade academic programs.

**DEGREE PROGRAMS**

An undergraduate program of study requires that a minimum of 32 credits be earned through the completion of Global University courses. Students wishing to earn more than one undergraduate degree through Global University must complete an additional 32 credits for each program of study. For example, after completing one of the university’s associate of arts programs, students wishing to continue their studies to earn a B.A. must complete an additional 32 credits through enrollment in Global University courses.

The overarching goals for the degree programs include demonstrated achievement in the following areas. After successfully completing a degree program, the student will:

- Demonstrate a comprehensive knowledge of the Old and New Testaments.
- Demonstrate a comprehensive knowledge of the theological principles that serve as a foundation of Pentecostal Christian faith.
- Develop and demonstrate written and oral communication skills.
- Apply relevant biblical and theological principles in local ministry contexts.
- Exhibit an awareness and appreciation of the various areas of general education: humanities, fine arts, social, behavioral, and natural sciences; mathematics; oral and written communication; and computer skills.
- Continue the appreciation and practice of lifelong learning.
- Participate effectively in Christian ministry.

The strategies used to assess the achievement of these goals include end-of-course examinations, service learning requirements (SLRs), collateral reading assignments (CRAs), course-specific projects, and graduate follow-up surveys.

**BACHELOR OF ARTS DEGREE**

The bachelor of arts (B.A.) degree program is a 128-credit program requiring a minimum of 32 credits earned through Global University, 15 of which must be in the student’s major.

Global University presently offers three bachelor of arts degree programs: Bible and Theology, Intercultural Studies, and Religious Education. The B.A. in Bible and Theology is designed to provide the educational background needed by those preparing for a pastoral or preaching ministry. The B.A. in Intercultural Studies is designed for those who plan to serve as missionaries. It has a basic Bible and theology component with emphasis in cross-cultural communications and Christian missions. The B.A. in Religious Education will prepare those expecting to minister in church-related instruction or in the administration of Christian education. Qualified students can choose to complete a baccalaureate with honors program in these three areas.

**THREE-YEAR BACHELOR OF ARTS DEGREE**

*(For Students in a Qualifying International Educational System)*

The three-year bachelor of arts (B.A.) degree program requires 96 credits with a minimum of 32 credits earned through Global University.

Global University offers 3 three-year bachelor of arts degree programs for students outside the North American educational system who have graduated from a qualifying international educational system that endorses the three-year bachelor’s degree program. The three-year B.A. programs are in Bible and Theology, Intercultural Studies, and Religious Education. (For more information, turn to page 37 for the section on “Three-Year Bachelor of Arts Degrees” under “Undergraduate Programs of Study.”) This degree provides the educational background needed by those preparing for a pastoral, preaching, missions, or religious teaching ministry. The student should contact his or her national office to find out if the three-year program is offered in the student’s country.
Earning a Second Bachelor of Arts Degree

Individuals, residing either inside or outside the U.S., who have already earned a bachelor's degree (e.g., B.A., B.S., etc.) may earn a second B.A. in Bible and Theology, Intercultural Studies, or Religious Education with Global University. To do this, the student must fulfill the specific requirements for the major, which encompass 50 credits (70 credits for the Second B.A. with Honors) in the Bible, theology, and church ministries areas. Students with prior academic study in Bible, theology, or church ministries may be granted advanced standing, depending on the transfer credit allowed. However, a minimum of 32 additional degree credits must be taken with Global University to earn a second B.A.

Diploma Programs

Diploma Program Goals

The program goals for diploma programs reflect the purposes and requirements of the programs that are not designed to lead to a degree. After successfully completing a diploma program, the student will:

- Demonstrate a requisite knowledge of the Old and New Testaments.
- Demonstrate a requisite knowledge of the theological principles that serve as a foundation of Pentecostal Christian faith.
- Develop and demonstrate written and oral communication skills.
- Apply relevant biblical and theological principles in local ministry contexts.
- Continue the appreciation and practice of lifelong learning.
- Participate effectively in Christian ministry.

The strategies used to assess the achievement of these goals are end-of-course examinations, service learning requirements (SLRs), collateral reading assignments (CRAs), and course-specific projects.

Global University offers two diplomas. The 64-credit Diploma in Ministry is specifically designed for individuals desiring a basic Bible program in preparation for ministry. This diploma is ideal for those who seek only two years of training and are not planning to continue toward a B.A. degree. The second diploma is the 96-credit Diploma in Theology. This is a three-year diploma providing a broader base in Bible and theology. If the student wishes to continue from this diploma to a B.A., he or she should carefully select the elective courses to match the B.A. degree desired. Individuals studying to fulfill educational requirements for ministerial credentials should contact their enrollment office to determine the appropriate sequence of courses to fulfill this requirement. The requirements for both of these diplomas are listed under “Undergraduate Degree Programs of Study.”

Associate of Arts Degree

The Associate of Arts degree may be earned by students who complete 64–66 credits and meet the stated program requirements. A minimum of 32 credits must be earned through Global University courses. This program provides an introduction to the knowledge and skills required for ministry. One should also note that this degree represents the halfway point for those wishing to continue studying toward a B.A. degree.

Certificate Programs

Certificate Program Goals

The program goals for certificate programs reflect the purposes and requirements of the programs that are not designed to lead to a degree. After successfully completing a certificate program, the student will:

- Demonstrate a requisite knowledge of the Old and New Testaments.
- Demonstrate a requisite knowledge of the theological principles that serve as a foundation of Pentecostal Christian faith.
- Develop and demonstrate written and oral communication skills.
- Apply relevant biblical and theological principles in local ministry contexts.
- Continue the appreciation and practice of lifelong learning.
- Participate effectively in Christian ministry.

The strategies used to assess the achievement of these goals are end-of-course examinations, service learning requirements (SLRs), collateral reading assignments (CRAs), and course-specific projects.

Certificate in Bible and Theology

This certificate is designed for those who desire to study in the various schools of Global University but do not wish to study for a degree. However, all of the credits earned for this certificate can be transferred to a degree program.

Undergraduate Certificates

Students desiring an intermediate goal may work toward the completion of one or more undergraduate certificates. Each undergraduate certificate provides studies in a specific area of Bible, theology, or church ministries. An undergraduate certificate is also available in general studies. Undergraduate certificate studies are an excellent way to acquire academic preparation in a particular subject-matter concentration. For a description of the course requirements for each undergraduate certificate, see “Undergraduate Degree Programs of Study.”
STUDENTS CURRENTLY ENROLLED
Active students who started their degree studies with Berean University or ICI University prior to the school's merger, or with Global University prior to the issuance of this catalog, may continue to follow the program requirements under which they enrolled. However, they may elect to modify their programs to meet the requirements of the Global University concentrations listed in this catalog. If a student wishes to enroll in a course but has been inactive for 18 months or more, he or she must reenter under the current program of study.

MATRICULATION INTO A DEGREE STUDY PROGRAM
A student may study individual courses for university credit without matriculation into a degree program. However, if a student wishes to study toward a Global University diploma or degree, he or she must apply to be matriculated into that program. Students may be matriculated into their selected program of study once they complete 18 course credits. The basic requirement for matriculation is possession of a high school (twelve-year) diploma or GED certificate. Under certain circumstances, students who have not completed high school may be granted provisional admission with the requirement that they must demonstrate the potential to undertake study at the university level.

ENROLLMENT IN INDIVIDUAL COURSES
Global University courses (individual subjects) are open to anyone who wishes to enroll and is at least 16 years old and has completed 10 years of formal schooling. Before a student enrolls, however, he or she should keep in mind that the courses are presented at a university level. Should a student wish to pursue a diploma or degree with Global University, a high school diploma or its equivalent is required. A student may enroll in a Global University course at any time by following the procedures outlined below and paying the applicable fees. Students may not enroll in more than 18 credits concurrently or during any six-month period without approval from the Academic Dean.

SELECTING AN UNDERGRADUATE PROGRAM OF STUDY
If you are a first-time student and are unsure which program of study to pursue, consider these questions:

1. What program of study would best help you achieve your long-term goals?
2. What program of study requires courses with topics that interest you?
3. Have you completed degree-level courses from other schools that might be applied as transfer of credit for specific Global University courses?

You also have the option of selecting an undeclared program of study. This option allows you to enroll in courses at random, but it does not give you the ability to earn a diploma. To earn a diploma, you must change your undeclared program status by selecting one of the programs of study listed in the most current publication of the Undergraduate Catalog.

Once you have chosen a program of study, you must remain an active student in order to complete that particular program of study. If your student record shows no course enrollments for a period longer than 18 months, your student status becomes inactive. To reactivate your status, you must submit a new application indicating that you are reactivating, and enroll in a new course. Once reactivated, you must fulfill the requirements of the current program of study to earn a degree. For instance, if you declared a program of study in 2004 but became inactive, when you reactivate your student record, you can no longer graduate by completing the requirements for your 2004 program of study. Instead, you would need to complete the requirements for the 2011 program of study.

APPLICATION AND ENROLLMENT PROCEDURES
Global University's International Office in Springfield, Missouri, is the enrollment office for students residing within the United States. Most students residing outside the United States will enroll and receive student services through their country's Global University national office. If a student's country of residence does not have a national office, the student may enroll and receive student services through the appropriate regional office or through the International Office. Any student who enrolls through the International Office in Springfield, Missouri, has the option to submit the student application and order courses online at enroll@globaluniversity.edu. National or regional office students must process all student applications and course enrollments through the appropriate national office and not through the Global University Web site.

PRETEST REQUIREMENT FOR ALL STUDENTS ENROLLING IN GLOBAL UNIVERSITY PROGRAMS
All students enrolling in any Global University program (except a 17- and 32-hour certificate programs) must complete the Bible and Theology Pretest. All students who enroll in a bachelor of arts (B.A.) or an associate of arts (A.A.) program will take the General Education Pretest as well as the Bible and Theology Pretest. These two assessments must be completed before a student may enroll in his or her first Global University course. Acceptance into a program does not depend on scores on these tests, and the results do not appear on transcripts.

At the completion of their program, all prospective graduates (except students completing a 17- and 32-hour certificate programs) will also take posttests as part of the Capstone Requirement (described in the next section). Again, there
is no required score for graduation, and the test results will not appear on transcripts. These assessments are a means of measuring the effectiveness of programs offered by Global University and evaluating the benefits students gain through their studies with Global. There is no cost for these assessments.

**Policy Changes for New Students and Graduating Students in 2011**

The Academic Affairs Committee has announced two policy changes to take effect beginning January 1, 2011. First, all undergraduate students who begin their Global University degree program in 2011 or after and who are studying in English will be required to take the new course GUO1002 Orientation to Global University Learning. Second, beginning in 2011 all students who complete an undergraduate degree (excluding 17-hour certificates) must fulfill a Capstone Requirement before receiving their degree.

The GUO1002 Orientation course is designed to both assess students’ pre-program learning and prepare them for a successful experience with Global University. The Orientation course is a two-credit course that is built into the 2011 programs. Students will receive a grade for the course.

The Capstone Requirement is designed to measure a student's progress at the end of the program. While the Capstone Requirement is not a course and the student will not receive a grade, all components of the requirement must be submitted in order for the student to graduate. Students enrolled in programs of study prior to the development of the Orientation course will not be required to complete the Orientation but will still be required to fulfill the Capstone Requirement if they graduate after 2010. The Capstone Requirement consists of four activities: (1) two posttests (General Education and Bible and Theology), (2) a written essay, (3) a verbal communication recording, and (4) the Graduate Follow-up Survey.

The posttests, written essay, and verbal communication assignments are similar to the activities required in the Orientation course. This will allow for a more valid comparison when assessing students’ progress at the end of the program.

Beginning January 1, 2011, the International Office must receive the four components of the Capstone Requirement before a diploma is issued. In the future this requirement will expand to cover all other languages, but for now it is required only of students who study their courses in English at the undergraduate level.

**U.S. Residents Enrolling with Global University**

U.S. residents will process their undergraduate applications and course enrollments through the U.S. Enrollment Office in Springfield, Missouri, according to the following procedure:

1. Apply and enroll online at Global University's Web site or call 800-443-1083 or 417-862-9533 to contact an Enrollment Services Representative at the U.S. Enrollment Office. Request a College Kit for prospective students. This kit will include a Global University undergraduate application form, course order form, tuition and fees schedule, undergraduate catalog, and other important informational items you will find helpful.

2. Complete and return the application form with the required payment to the U.S. Enrollment Office. Note: Student applications received without payment cannot be processed.

3. Submit course orders either with the application or after the application has been processed and you have received an acceptance letter. Note: Students may not place an undergraduate course order without submitting an undergraduate application. Furthermore, students may not enroll in more than 18 credits concurrently or during any six-month period without the Academic Dean’s approval. Once a three-credit course enrollment has been processed, a student cannot downgrade to the two-credit course.

**International Students Residing Outside the U.S.**

All students have the option to enroll and receive student services from the U.S. Enrollment Office in Springfield, Missouri. However, to provide better student servicing and minimize the cost of shipping fees, it is recommended that students residing outside the U.S. enroll through their country's national office or the appropriate regional office. Exception: Since online courses cannot be serviced by national or regional offices, all students wishing to enroll in Global University's online courses must process these requests and pay all applicable fees through the U.S. Enrollment Office.

To apply and enroll through your national office, follow this procedure:

1. Obtain an undergraduate application and a Subject Enrollment Card (SEC) from your national office director. Note: Students who enroll through a national office may not submit an application or request course enrollments via Global University's Web site.

2. Complete and return the application form with the required payment to your national office.

3. To enroll in courses, complete an SEC by carefully writing the correct course numbers and names as they appear in this catalog. Then submit the completed SEC with the required payment to your national office. Students may not enroll in more than 18 credits concurrently or during any six-month period without the Academic Dean's approval. Once a three-credit course enrollment has been processed, a student cannot downgrade to the two-credit course.

The national office will assist you and provide you with the necessary course materials. To ensure quality student servicing and provide for consistent communication, all student requests and questions should be communicated to your national office.
The amount of credit for experiential learning is determined by a Global University academic officer. This determination is based on a review of the student's Experiential Learning Portfolio. Forms and instructions for the completion of your Experiential Learning Portfolio can be obtained from your Global University enrollment office.

In no case will the award of experiential credit exceed one-fourth of the total credits required for the degree, nor will experiential credit substitute for the one-fourth of the program that must be completed by direct enrollment.

3. College-Level Examination Program (CLEP)

Global University accepts up to 32 credits for subject and general examinations of the nationally administered College Level Examination Program (CLEP). The acceptance of these credits is based on the student's having earned the credit-granting scores recommended by the American Council on Education.

## ADMISSIONS TO STUDY FOR A SECOND BACHELOR'S DEGREE

To begin a study program leading to a second bachelor's degree, you must do the following:

1. Possess a bachelor's degree from a qualified institution.
2. Observe all the entrance procedures outlined by your Global University director, and indicate on your application form that you are applying to work toward a second bachelor's degree.
3. Request that the institutions where your previous academic work was completed send an official copy of your transcript to your Global University enrollment office.

## STUDENT ADVISEMENT

Global University strives to provide as much assistance as possible in planning the educational programs of its students. However, it is the interest and self-discipline of students that determine success in meeting educational goals. Certain courses have prerequisites or recommended sequences that students are encouraged to follow. These prerequisites and recommendations are noted in the course descriptions.

## STUDENT NUMBER AND STUDENT CARD

A student is issued a student number when his or her application is processed. The student number must be used on all course work and on all correspondence or electronic communication between the student and the Global University enrollment office. Under no circumstances will the student be permitted to take a final examination nor will credit be given for a course without an assigned student number. Upon request, a student card will be issued to any student enrolled in a Global University undergraduate course. This card will allow the student access to any institutional library that cooperates with Global University as a host school or has signed a library agreement with Global University. These host schools are found in most countries where Global University has undergraduate students. If you are an international student, ask your director for a list of cooperating libraries in your country.
ACADEMIC GOOD STANDING

Grading Scale

Global University undergraduate courses are graded according to the following numerical scale:

- 90–100% (Excellent)
- 80–89% (Above Average)
- 70–79% (Average)
- 60–69% (Below Average)
- 59% or less (Unacceptable)

The minimum passing score for any individual course is 60 percent. A minimum cumulative grade average (CGA) of 70 percent is required to earn a diploma.

Probation

If after 18 credits (the unit of credit being the semester hour) the student does not have the required 70 percent average, the student will be warned and put on academic probation for the next 18 credits of study. Since academic probation is a remedial action, individuals placed on academic probation may receive academic counseling from a Global University academic adviser to explore possible reasons and/or solutions to the student’s academic performance.

These students are in two categories:

1. Students who have proof of high school/secondary school completion or the equivalent.
   These students must
   - re-enroll in and successfully complete subjects that were previously failed and that are required by their program of study. (They must do this before enrolling in additional undergraduate courses.)
   - enroll in only one subject at a time.
   - petition in writing to have their probationary student status changed to full student status when they have increased their CGA to at least 70 percent.

2. Students who do not have proof of high school/secondary school completion or the equivalent.
   These students
   - may not enroll in any additional undergraduate subjects until they successfully complete 9 Berean School of the Bible (BSB) subjects or the 18 Christian Service (CSB) subjects. Please note that a minimum passing grade for a BSB/CSB subject is 70 percent.
   - may continue enrolling (after earning grades of 70 percent or higher in 9 BSB or the 18 CSB subjects) in undergraduate-level subjects under the conditions below. They must
     - re-enroll in and successfully complete subjects previously failed and that are required by the program of study.
     - enroll in only one subject at a time.
     - petition in writing to have their probationary student status changed to full student status.

Restriction

If after 36 credits the student does not have the required average, the student will be placed on restriction and required to read and sign a statement acknowledging that he or she must either raise his or her CGA to the required 70 percent average or not qualify to receive a Global University degree or diploma. The issuance of this statement will release Global University from any obligation to provide the degree or diploma apart from the completed fulfillment of the university’s stated criteria. The student will not be permitted to enroll in any additional courses unless he or she signs and returns said statement.

Students placed on academic restriction student status will not be permitted to enroll in additional undergraduate courses until they successfully complete a Berean School of the Bible (BSB) diploma program (not including the Christian Service program) or opt out of enrolling in undergraduate courses for one year.

Any student who opts out of enrolling for one year must submit an educational portfolio with transcripts and references from educators, documenting the academic activities the student has engaged in at other institutions during the past year that will contribute to future ability to succeed at Global University studies. If after reviewing the portfolio the Global University dean determines that the student has made satisfactory growth, the student will be allowed to continue undergraduate studies.

After earning a BSB diploma or receiving a Global University dean’s approval for the educational portfolio, a student may continue enrolling in undergraduate-level subjects under the following conditions:

- Before enrolling in new subjects, the student must re-enroll in and successfully complete subjects previously failed and that are required by the program of study.
- The student may enroll in only one subject at a time.
- The student must petition in writing to have his or her academic restriction student status changed to full student status when the student has increased the CGA to at least 70 percent.

*To avoid inactive status in an undergraduate program, a student must not remain unenrolled in an undergraduate subject longer than 18 months. If the undergraduate student status goes inactive while the student is working to complete BSB/CSB subjects, the student will have to reactivate his or her undergraduate status and follow the course requirements for the undergraduate program of study listed in the catalog under the year of reactivation. If a student scores a grade of 80 percent or higher in a BSB course, he or she may request to transfer 1 elective credit for that course into an undergraduate program of study.
**Credit System**

Since academic systems vary from country to country, some students may not be familiar with the system of credits as a measure of progress in an academic program. Global University requires that students complete 128 credits to earn a bachelor of arts degree. The "Undergraduate Course Descriptions" section lists the number of credits each course is worth.

To standardize transfer of credit between schools, Global University uses the standard of study-time equivalencies as one factor in computing the credit value of its courses. In this system, a credit (sometimes referred to as a semester credit hour) represents the equivalent of 15 hours of formal classroom study, including examinations, plus another 30 hours of study outside the classroom. Therefore, one Global University credit is equivalent to 45 hours of time spent in study by the student.

Global University's courses are designed to require this standard amount of study for the average student. That is, a two-credit course requires 90 hours of study time, and a three-credit course requires 135 hours of study time. Of course, the actual time any individual student may spend in study will depend on his or her background preparation for the course. Global University also uses these study-time equivalencies as one factor in computing transfer of credits from other schools.

**Delta Epsilon Tau International Honor Society**

To recognize the academic achievements of students who study at a distance, the Distance Education and Training Council (DETC) Board of Trustees officially established the Delta Epsilon Tau Honor Society (DET). DET membership brings honor and earned recognition to individuals who have worked diligently to acquire new knowledge and skills from an accredited distance learning institution. The fact that an individual is elected to membership sets her or him apart from other students and clearly demonstrates a serious commitment to distance education and self-study.

The requirement for membership in the Global University chapter is graduation from a degree or diploma program with a minimum 93 percent cumulative grade average (CGA). As a graduate with a CGA of 93 percent or above, an individual is typically in the top 1 percent of Global University graduates.

Each member receives a personalized Certificate of Membership and the Delta Epsilon Tau Gold Key of Distinction. Professionally die struck, sandblasted, and polished, each Gold Key bears the Greek letters DET and two of the finest words in any language—Integrity and Excellence. In addition, each outstanding graduate receives a special narrative about the Honor Society and a personal letter of congratulations from the President of Delta Epsilon Tau.

**Transfer of Global University Credit**

Global University graduates have been accepted into graduate programs in a number of institutions in the United States and elsewhere. However, it is the student's responsibility to verify the applicability of Global University's credits toward any educational goal he or she may have.

Students who enroll in a Global University course or courses and intend to transfer the credit to another institution must contact the receiving institution to verify that the institution will accept Global University transfer credits.

**Transcripts of Global University Credit**

A transcript (a printed report listing all course enrollments, final grades, cumulative grade average, credits earned, and credits attempted by a student) can be provided through the Student Services department at the International Office. While courses may be transferred from other qualified institutions, cumulative grade averages are determined only on the basis of courses completed at Global University.

An unofficial transcript is issued to the student upon graduation or when the student submits a signed request for one. An unofficial transcript does not have the university's seal.

Official transcripts carry the Global University seal and the signature of a Global University academic officer. Official transcripts are issued only by the Registrar's Office at the International Office and are sent to academic institutions, employers, or other institutions upon the student's signed, written request. Students requesting a transcript must specify if an official or unofficial transcript is needed. The signed and dated request must include the following information:

- Student's full name and identification number
- Student's birth date and/or social security number
- Student's current mailing address
- The address of the employer or institution to which the transcript is to be sent
- Student's signature and date the request is made

For the convenience of our students, a Transcript Request Form is available on Global University's Web site. Mail unofficial and official transcript requests to:

Student Services
Global University
1211 South Glenstone Avenue
Springfield, Missouri 65804-0315 USA

or e-mail:

transcriptrequest@globaluniversity.edu

When requesting a transcript via e-mail, the e-mail address from which the request is sent must match the student's e-mail address on file at Global University.
**GRADUATION REQUIREMENTS**

Students who have fulfilled the course requirements for their B.A. or A.A. program (or who are within 6 credits of completion) will complete a Bible and Theology Posttest and a General Education Posttest. These two assessments are designed to measure the effectiveness of Global University courses and to measure the benefits students gain through their studies with Global. Students do not receive grades for these tests, and graduation does not depend on achieving a certain score. There is no cost for these assessments.

Students who have fulfilled the course requirements for their Three-Year B.A. or Second B.A. program (or who are within 6 credits of completion) will complete a Bible and Theology Posttest. This assessment is designed to measure the effectiveness of Global University courses and to measure the benefits students gain through their studies with Global. Students do not receive grades for this test, and graduation does not depend on achieving a certain score. There is no cost for this test.

Certificates, diplomas, and degrees are issued by Global University only after a review of the student’s records and certification that all requirements, including the Capstone Requirement, have been completed satisfactorily. (See the Grading Scale on page 27.)

In accordance with the policy changes explained on page 25, all prospective graduates must fulfill the Capstone Requirement. As explained above, the Capstone Requirement is required of all students who study their courses in the English language. This requirement will eventually extend to the other GU language programs. There is no grade for the Capstone Requirement, however, all components of the requirement must be submitted and receive a “pass” mark for the requirement to be fulfilled. There is no charge to the student for this requirement and the results of the tests or projects will not show on the student’s transcript.

The Capstone Requirement consists of four activities:
1) Post tests (General Education & Bible and Theology)
2) Written essay
3) Verbal Communication recording
4) Graduate Follow Up Survey

Capstone Requirements by Program:
- All 4-Year B.A. and A.A. programs: All components required
- 3-Year B.A., 2-year B.A., and 3-Year Diploma programs: All components except the General Education Post test required
- 32 Credit and 17 Credit Certificates: Only the Graduate Follow Up Survey Required

In the event that a student completes the requirements for two levels of certification at the same time, recognition is awarded for the most advanced level only.

**2011 CALENDAR**

Global University has a year-round open enrollment policy for independent-study students who enroll directly with the International Office in Springfield, Missouri. Students who study with offices other than the International Office should check with their respective offices for their academic calendars. Global University is open Monday through Friday from 8:00 a.m. to 4:30 p.m., central time, with phone service available from 9:00 a.m. to 6:00 p.m. The International Office will be closed in 2011 on the holidays listed below:

Qualified faculty develop Global University study guides in cooperation with the university’s instructional development staff. Learning–teaching principles derived from educational research are incorporated into the design of Global University instructional materials. More than 80 undergraduate courses are now available for study. The Global University curriculum is under constant evaluation. Revisions and additions will be made in keeping with the goal of providing the best possible learning experience for Global University students.

**DEFINITION OF COURSE AND SUBJECT**

Global University uses the terms course and subject interchangeably. For example, *The Gospel of John* is a three-credit degree program course or subject. Courses (subjects) are the fundamental units of the curriculum. Satisfactory completion of a program is recognized by the awarding of certain certificates, diplomas, or degrees.

Although Global University does not use a standard semester for enrollment, for international transfer its credits are considered semester credit hours. In a traditional semester system, a three-credit course would require three 1-hour lectures per week for at least 15 weeks. A full-time study program would be equivalent to 15–18 credits per semester. For U.S. VA/DANTES students desiring full-time status, a minimum of 18 credit hours per six months is required.

**COURSE SEQUENCES AND PREREQUISITES**

Global University courses are divided into lower and upper levels. Lower-level courses are those designed to be taken without regard to any particular sequence. Upper-level courses may have either a prerequisite or recommended previous study and require a higher level of academic rigor. If a prerequisite is required or a certain sequence is suggested, a notation is made in the course description. For example, BIB4113 *New Testament Greek I* must be taken before BIB4123 *New Testament Greek II*.

**NUMBERING SYSTEM FOR UNDERGRADUATE PROGRAM COURSES**

A key to the interpretation of course numbers follows. The course numbers should be used with the subject names on all order forms, subject enrollment cards (SECs), and other academic records.

1. The first three letters indicate the academic content area of the course.
   - BIB = Bible
   - THE = Theology
   - MIN = Church Ministries
   - MIS = Missions
   - BUS = Business
   - COM = Communications
   - CSC = Computer Science
   - EDU = Education
   - ENG = English
   - GSC = General Science
   - HIS = History
   - HSC = Health Science
   - LDR = Leadership and Management
   - LIT = Literature
   - MTH = Mathematics
   - MUS = Music
   - PHL = Philosophy and Ethics
   - PSY = Psychology
   - REL = Religion
   - SOC = Sociology
   - SPN = Spanish

2. The first digit indicates the level of the course.
3. The second and third digits serve as numerical identifiers.
4. The final digit indicates the credit value.

An example is BIB1043 *The Gospel of John* (see below).

- The letters BIB identify the course as part of the Bible content area.
- The first digit (1) indicates the course is in the first level.
- The final digit (3) indicates this course is valued at 3 credit hours.

NEW COURSE REQUIREMENT

The Academic Affairs Committee has announced two policy changes to take effect beginning January 1, 2011. First, all undergraduate students who begin their Global University degree program in 2011 or after and who are studying in English will be required to take the new course GUO1002 Orientation to Global University Learning. Second, beginning in 2011 all students who complete an undergraduate degree (excluding 17-hour certificates) must fulfill a Capstone Requirement before receiving their degree.

The GUO1002 Orientation course is designed to both assess students’ pre-program learning and prepare them for a successful experience with Global University. The Orientation course is a two-credit course that is built into the 2011 programs. Students will receive a grade for the course.

The Capstone Requirement is designed to measure a student’s progress at the end of the program. While the Capstone Requirement is not a course and the student will not receive a grade, all components of the requirement must be submitted in order for the student to graduate. Students enrolled in programs of study prior to the development of the Orientation course will not be required to complete the Orientation but will still be required to fulfill the Capstone Requirement if they graduate after 2010. The Capstone Requirement consists of four activities: (1) two posttests (General Education and Bible and Theology), (2) a written essay, (3) a verbal communication recording, and (4) the Graduate Follow-up Survey.

The posttests, written essay, and verbal communication assignments are similar to the activities required in the Orientation course. This will allow for a more valid comparison when assessing students’ progress at the end of the program.

Beginning January 1, 2011, the International Office must receive the four components of the Capstone Requirement before a diploma is issued. In the future this requirement will expand to cover all other languages, but for now it is required only of students who study their courses in English at the undergraduate level.
BACHELOR OF ARTS DEGREE PROGRAMS

The curricula for the bachelor of arts degrees require a total of 128 credit hours. A minimum of 32 credit hours must be earned through courses taken directly with Global University. Fifteen credit hours must be completed in the student’s major area of study. Students who plan to continue their studies in graduate school or seminary are strongly advised to complete either Greek or Hebrew courses.

Note: This program is offered as a Bachelor of Biblical Studies, Bachelor of Theology, or Bachelor of Divinity in some countries.

Note: This program requires the student to complete a Bible and Theology Pretest and a General Education Pretest as well as posttests in the same two areas. The pretests will be completed before the student enrolls in the first course. The posttests will be completed when the student has fulfilled the course requirements for the program or is within six credits of completion. There is no cost for these assessments.
# B.A. DEGREE IN INTERCULTURAL STUDIES

The Bachelor of Arts in Intercultural Studies is designed to provide the biblical and theological knowledge needed for cross-cultural ministry. THREE-YEAR BACHELOR OF ARTS DEGREE (FOR STUDENTS IN A QUALIFYING INTERNATIONAL EDUCATION SYSTEM)

The typical American high school curriculum prepares college-bound students for a four-year bachelor's degree program. However, many international school systems prepare qualified high school students for the three-year bachelor's degree program. For this reason, Global University offers 3 three-year bachelor of arts programs through national offices: Bible and Theology, Intercultural Studies, and Religious Education. The student should contact his or her national office to find out if the three-year program is offered in his or her country.

To be accepted into one of these three-year bachelor's programs, (a) the student must complete the application process; (b) the student must have graduated from a qualifying international educational system that endorses the three-year bachelor's degree program; and (c) the student must have "A" level certificates or the equivalent.

The curricula for the 96-credit three-year bachelor of arts degrees are given below. A minimum of 32 credits earned through Global University courses is required, 15 of which must be in the student's major.

“By studying with Global University, I believe I am getting a clearer understanding of the Word of God. The interpretation of each theme opens my mind to new revelations of the Bible.”

From a student residing in the UK
SECOND BACHELOR OF ARTS DEGREES

Students who have already completed an undergraduate degree may enroll with Global University to study for a second bachelor of arts degree. Please note the admission requirements for this program stated in the "Undergraduate Program Objectives and Design" section.

Global University assumes the previous major will normally have been in a field unrelated to Christian ministry. However, if the student’s educational background includes some courses in Bible, theology, intercultural studies, or church ministry relevant to the selected major, it may be possible to transfer some of these credits. A total of 50 credits (68 credits for the Second Bachelor of Arts with Honors) is required with a minimum of 32 credits earned through Global University courses, 15 of which must be in the student’s major.

SECOND B.A. DEGREE IN BIBLE AND THEOLOGY

The Second Bachelor of Arts in Bible and Theology is designed to provide the biblical and theological background required for pastoral or preaching ministry. After successfully completing this curriculum, the student will be able to interpret the Bible, prepare and deliver sermons, and administer the programs of a church organization.

METHODS OF INSTRUCTION

Global University uses a variety of methods to meet the needs of its students at all levels of study. Global University students have been pastors, evangelists, and national church leaders wishing to continue their ministerial education, as well as those preparing to enter the ministry for the first time. Many Global University students are laypersons who wish to have the training necessary to work more effectively in their local churches.

Many Global University students study independently, but Global University also works closely with several Bible schools for the benefit of their students. Global University endeavors to select the methods appropriate for each type of learning situation.

The following are some of the ways students may study with Global University:

1. **Independent Study:** Independent-study students are those who study at home while maintaining their regular routines of ministry, employment, and family responsibilities. Usually, they will study alone on a personally developed schedule that enables them to minimize the disruption of their other activities and responsibilities. Global University courses are specifically designed to meet the needs of independent-study students. The presence of an instructor is not required; however, an examining supervisor must administer the final examination.

2. **Guided Independent Study:** In this mode, a facilitator meets regularly with the student to guide and encourage his or her study. If approved as an examining supervisor, the facilitator may also administer the final exam.

3. **Seminar Courses:** From time to time, Global University conducts on-location teaching sessions (seminars) in conjunction with the program of a Global University director or residential Bible school. Seminars provide an opportunity to interact with other students and an instructor while studying course materials.

4. **Study Groups:** Many Bible study groups use Global University courses. These include church Bible study groups and citywide Bible study projects. Such groups usually take the form of classes with active direction from a facilitator, pastor, or other group leader. Or, a study group may simply be a place where students can study together with some tutorial assistance.

5. **Global University/Residence Bible School:** Global University encourages the use of its instructional materials by residence Bible schools. Although primarily designed for independent study, Global University study materials are adaptable for classroom use.

6. **Online Courses:** Global University is in the process of developing all undergraduate programs for Internet delivery. These online courses will be identical to the print-based courses in content but with additional interactivity built in. To find out which courses are currently available, contact the International Enrollment Office at enroll@globaluniversity.edu, or visit our Web site at www.globaluniversity.edu. Students residing outside the U.S. should note that online course enrollments cannot be processed or serviced through Global University's national offices.

USING YOUR GLOBAL UNIVERSITY MATERIALS

Global University's independent-study textbook and study guide formats are designed to provide you with direction throughout your course. In fact, they are “teaching books.” Naturally, the style is more formal, since it is in written rather than spoken language. However, the goal is to communicate by the written word the kind of experience a student would find in a degree-level classroom.

ORGANIZATION OF EACH LESSON

Each course is generally divided into several units. These units are divided into lessons. Each lesson has several parts. The courses are developed in one of two formats.

In the first format, each lesson has three parts. The first section is the lesson organizer, which overviews the lessons, states the lesson objectives, identifies key words, and defines learning activities.

Lesson development is the largest part of each lesson and contains the major part of the instruction. Each block of study is associated with an objective. The objectives in the lesson are vital to the study process since they form the criteria by which all questions on the unit tests and final exams are written.

In the second type of course format, the lesson introduction highlights the lesson’s general concepts and lists the lesson objectives and outline.

The content is the largest part of each lesson and contains the major part of the instruction. Each block of content is associated with an objective and a guiding question. The lesson objectives are vital to the study process since they form the criteria by which all questions on the unit tests and final exams are written.
At the end of each lesson in both course formats is the self-test. The self-test is designed to help you achieve the lesson objectives. The entire lesson should require approximately 10 hours of study.

**TEXT AND READING ASSIGNMENTS**

Global University courses have two methods for directing the student to outside reading assignments. If a textbook is directly integrated into the study plan of the Global University course, the assigned reading will be given in the lesson introduction or throughout the study guide. Studying one section at a time, first in your textbook and then in your study guide, will make it more convenient for you to take advantage of short periods of study time. You will not need to wait until you have time to do an entire lesson at once.

Another method of providing outside reading is the combination of a two-credit course with a collateral reading assignment (CRA). In this method, the student completes initial course work and then is directed to read an outside text or texts on which he or she will make a written report called a CRA. This assignment will add one credit to the credit value of the course. When requesting a course for which a CRA is available, always specify whether you are enrolling in the two-credit or three-credit version of the course. Once a three-credit course enrollment has been processed, a student cannot downgrade to the two-credit course.

**COMPLETING COURSE WORK**

You should expect to spend an average of 10 hours of study per lesson. Preparation for exams and the research and writing of papers will vary according to the abilities of each student. You have six months from the date the enrollment is processed in which to complete a course. However, the time spent to complete a course is determined solely by you, the student. It is important to have a thorough understanding of each lesson before you proceed to the next one. The self-test at the end of each lesson will help you evaluate your mastery of the content. Take each one as you would an examination in a classroom.

If you study two hours per day, five days per week, you should be able to finish a course in about three months. It is important that you develop a schedule to determine which two hours each day you will spend in study. Then be sure not to let any other activity keep you from your college schedule. Treat these two hours as faithfully as you would a residential class at a university.

**TIME LIMIT FOR COMPLETING A COURSE**

The time limit for completing a Global University undergraduate course is six months from the date the order is processed by Global University. Students are expected to complete their studies within this prescribed length of time. However, where circumstances merit, an extension of up to six months may be granted upon request. A processing fee is required for the extension. Additional extensions are not permitted.

**WRITTEN ASSIGNMENTS**

Global University courses require written projects or research papers. You will be provided with instructions for completing these written assignments. A Global University Undergraduate Form and Style Guide is available to assist you. Written assignments are to be submitted according to the guidelines presented in the Global University Undergraduate Form and Style Guide. Written assignments that do not follow the criteria outlined in the style guide will have points deducted from the assignment score. The Undergraduate Form and Style Guide may be downloaded from Global University’s Web site or purchased with your course materials.

After you complete an assignment, be sure to label it with your name, address, student identification number, course title, course code, print number (PN), and assignment title. Then submit it to your Global University enrollment office. Your work will be returned with a grade and any comments the faculty member thinks you may find helpful. You should submit your written assignments before requesting the final examination, since the graded assignments will assist you in your review for the examination. Students who re-enroll in a course must complete all course requirements, including retaking the final exam.

**SERVICE LEARNING REQUIREMENT**

A service learning requirement (SLR) is required in all undergraduate courses except the biblical languages courses. The SLR is designed to help students develop their ability to apply and present course principles to others in their community, thereby developing ministry and practical skills while meeting real-world needs. An SLR Report must be submitted before the final examination request. The student will receive course credit and a final grade only after the SLR is completed and assessed as satisfactory by a faculty member.

**UNIT PROGRESS EVALUATIONS**

The number of unit tests will vary with each course. Unit tests are not submitted for grading. These tests are for students’ self-evaluation only.

**FINAL EXAMINATION**

The final examination must be arranged by you, your examining supervisor, and your Global University enrollment office. International students should contact their enrollment office well in advance of the date they wish to take the examination. Directly enrolled students should submit proper forms four weeks before their scheduled test date. The final exam is a Scantron-based exam with no essay questions. The test is primarily multiple choice but may include true/false and/or matching. It is the student’s responsibility to complete
the final examination before the course expiration date. Proper planning is essential.

1. The student is responsible for completing the Student Request for Final Examination form. Directly enrolled students may obtain this form from the Undergraduate Student Service Packet or Global University’s Web site. International students will find this form in their Student Packet. The final examination in any course may not be taken until the following have occurred:
   a) A Subject Enrollment Card (SEC) or course order has been received at the International Office.
   b) A student number has been officially assigned.
   c) The proper final exam request information has been received by the International Office.
   d) Arrangements have been made for an approved examining supervisor to administer the final examination.
   e) All projects and assignments that are part of the final grade have been submitted. For all undergraduate courses except biblical languages courses, students will not receive course credit or a final course grade if the required SLR has not been submitted.

2. The confidential final examination, with a control number affixed, is sealed and sent by the International Office in Springfield, Missouri, to the director or directly to the examining supervisor. If sent to a director, the director records its arrival and sends it to the Global University examining supervisor.

3. The examining supervisor arranges with the student a time and place for the examination and administers it. The examining supervisor must be present in the room with the student during the entire time the examination is being given. All parts of the final examination must be returned by the examining supervisor to the Global University International Office. Exam supervisors for directly enrolled students must return the final exam, whether completed or not, by the due date listed on the exam Scantron. Failure to do so will incur a fee per exam.

**NOTIFICATION OF GRADES**

The Global University International Office scores all final examinations. Upon completion of a course, the grade is sent by postal service or e-mail to the student on a Final Grade Report (FGR) form. The grade is permanently recorded at the International Office.

**Grading Scale**

Global University undergraduate courses are graded according to the following numerical scale:

- 90–100% (Excellent)
- 80–89% (Above Average)
- 70–79% (Average)
- 60–69% (Below Average)
- 59% or less (Unacceptable)

The minimum passing score for any individual course is 60 percent. A minimum cumulative grade average (CGA) of 70 percent is required to earn a diploma or to graduate. (See the “Academic Good Standing” section on p. 27.)

**If You Do Not Pass a Written Assignment**

Students who score less than 60 percent on the course project and/or collateral reading assignment (CRA) (12 out of a possible 20 points on a project/CRA) have the option of resubmitting the assignment. However, a student may resubmit a project or CRA only one time.

**If You Do Not Pass a Course**

Global University is committed to the goal of fostering a high level of success in learning on the part of each student. The course materials are designed to enhance the possibility of success for students who carefully follow the instructional sequences given and complete all learning exercises according to the instructions in the Study Guide. To qualify to retake your final exam, you must

1. Have received a final grade for the course below 70 percent and scored less than 70 percent on the final exam.
2. Contact your director or the International Office in Springfield, Missouri, to retake the examination. (A retake fee may apply.)
3. Complete the retake exam before the course expiration date. Retake exams completed after the six-month expiration date will not be scored unless the course has been extended. Retake exams taken after the expiration date are null and void. The student will need to pay the full tuition, re-enroll in the course, and then submit a new final exam request.

Before taking the second examination, carefully review the course materials and attempt to correct learning inadequacies. **The score received on the retake examination, whether better or worse than the original exam score, is the final score.** If you fail to earn a passing score through reexamination and you desire to take the exam a third time, you will be required to re-enroll in the course and pay the applicable fees to receive credit.

**Online Research Center**

Global University provides its students and faculty with a unique online resource called the Online Research Center (ORC). The ORC provides access to thousands of resources for biblical study and theological research. Users are able to search the database by categories related to area of interest, program and course of study, or type of resource. Designed for use by Global University students, the ORC is available to students, pastors, or anyone else serious about exploring the Bible and Christian ministry. Resources include articles, books, maps, scholarly pages, and entire Web sites. Most are freely available on the Internet but have been cataloged here for ease of access while doing research. Some resources are owned by Global University.
The ORC is a gateway to additional resources. The EBSCOhost databases, including the Academic Search Elite database and the American Theological Association (ATLA) index with serials, are available to Global University undergraduate and graduate students, with thousands of journals: full text, peer-reviewed, abstracted, and indexed. Global University is continually expanding its online information services in conjunction with the Global University Library and the university’s global library network.

SPECIAL PROJECTS

Each division of the undergraduate program in the Undergraduate School of Bible and Theology provides the possibility of a special project on the fourth level of studies. These are individualized activities using special readings and/or research techniques to meet some unique need in the particular division of study. Any student desiring to do a special project must make a proposal to the Dean of the Undergraduate School of Bible and Theology. Up to three credits may be earned. The last number in the course code for the special project reflects the assigned number of credits that can be earned; for example, BIB4093 earns three credits.

The following are suggested guidelines for completing a special project:

1. The work must be done in a specific academic discipline, such as Bible, theology, church ministries, or intercultural studies.

2. Any student who wishes to enroll in a special project must first submit a proposal of about 100 words in length and a Subject Enrollment Card (SEC) or course order to his or her enrollment office. The student should keep a copy of the proposal.

The proposal must

a) Describe the nature and significance of the special project.

b) Describe the methods to be used to carry out the study (interviews, surveys, reading, and other research).

3. At the International Office, the proposal will be forwarded to the Dean of the Undergraduate School of Bible and Theology for approval. An SEC or course order for a special project will be processed only after the student's proposal has been approved. A student may proceed with the special project after he or she has received notification that the proposal has been approved and he or she is enrolled in the special project course.

4. The student will submit the special project with a minimum of 1,500 words for each credit to be earned; that is, a minimum of 4,500 words must be submitted for the three-credit special project. Information on how to prepare this paper using proper formatting can be found in the Global University Undergraduate Form and Style Guide.

5. The student's work will be evaluated based on the clarity and structure of the paper's content and the appropriateness of the research and/or reading to the subject being examined. The paper must demonstrate a depth of insight and practical application.

6. Special project courses are restricted to a maximum of six credit hours per student.

7. Special project courses are restricted to students who are within 32 credits of completing a degree program.

BIB3073 The Book of Acts (3 credits)

The author of the IST, The Book of Acts, states that the approach of this course is unapologetically Protestant, evangelical, conservative, and Pentecostal. It is an expansive study with eighteen lessons and is available only in a three-credit format. Completing the regular components with a project and exam plus writing an approximately 3,000-word collateral writing assignment will yield three credits from this stimulating study of Acts. You will know and be able to defend the evidences for the traditional dating and authorship of Acts as well as explain why these are important to the book’s historical reliability and spiritual authority. You will gain a new appreciation for the work of the Holy Spirit and the foundations from which Pentecostal theology and practice have developed. Your relationship with Christ and your determination to be involved in building God’s kingdom will be enhanced. (BIB1053 Acts parallels this course. Students may enroll in either course, but not both.)

BIB4053 Corinthians (3 credits)

How does one relate the Bible to contemporary church life? In the Corinthians Study Guide, the author helps the student do this through an in-depth study of the Corinthian letters. He begins with exegesis, teaching the student how to use this method of Bible study to understand the problems faced by first-century Corinthian believers. Then, for each major problem the apostle Paul dealt with, the author suggests a possible solution or an interpretation that can be applied to the church today. This course is especially helpful to those who wish to preach and teach as it demonstrates a methodology of Bible interpretation. An overview of 2 Corinthians is also included in this study. (BIB4062/3 The Corinthian Letters parallels this course. Students may enroll in either course, but not both.)

BIB4062 The Corinthian Letters (2 credits)

This course covers the study of 1 and 2 Corinthians and gives the student a view of life in the city of Corinth and the problems these Epistles were written to correct. Since these are in some ways the most self-revealing of Paul’s letters, the course provides deeper insight into the apostle’s character and ministry. Throughout The Corinthian Letters, the author emphasizes the practical application of Paul’s teachings for today. The great doctrines of the Bible in these Epistles apply to contemporary Christian life and ministry. (BIB4053 Corinthians parallels this course. Students may enroll in either course, but not both.)

The course examines both Old Testament wisdom books and wisdom writings produced in the period between the Testaments. Particular attention is given to themes that run throughout the wisdom tradition and the ways these themes develop and change in successive wisdom writings. The course also considers the ways wisdom writings helped shape the New Testament and continue to influence the church today.

(See the “Special Projects” section under “Course Guidelines and Requirements” for additional information.)

THEOLOGY DIVISION

THE1013 Pneumatology (3 credits)

The person, work, gifts, and ministry of the Holy Spirit are the topics examined in this biblical study. Among the questions discussed from both the Old and New Testaments are these: Who is the Holy Spirit? What is the baptism of the Holy Spirit? How do I live a Spirit-filled life? Students are encouraged to apply these and other related biblical teachings to their own teaching and preaching ministries.

MIN1092 Introduction to Pastoral Counseling (2 credits)

Most students have noticed that people around them have emotional, spiritual, economic, and physical problems. Even the most persuasive sermon may not be heard by someone with serious personal problems. The Christian student, layperson, pastor, or religious worker must find ways to help people with their problems. Introduction to Pastoral Counseling is a look at the different perspectives from which pastoral counseling may be seen. It emphasizes the necessary steps in preparing to become a pastoral counselor and gives attention to legal and practical ramifications of counseling. It also examines some of the issues faced by the pastoral counselor, seeking to find a balance between the clinical and the spiritual, with the Bible as the final authority. This course investigates some of the current approaches to counseling and sets guidelines for counseling settings and sessions. (This course has replaced MIN4013 Pastoral Counseling.)

**MIN2052 The Biblical Role of Women (2 credits)**

Written by Assemblies of God women—ordained ministers and scholars—*The Biblical Role of Women* uses an exegetical and hermeneutical approach to study what Scripture says about women in life, family, and ministry. The course undergirds the historic Assemblies of God stance on the place of women in the body of Christ and will take its place as an important support for all women in ministry. Study of this course helps students learn how God related to women in the Old Testament and identify roles women played in the first-century church. The goal of the course is to point the student toward what today’s church should be like, wherever people know and follow Jesus Christ. The Holy Spirit empowers and equips both men and women to expand His kingdom.

This course examines seven approaches to sharing the gospel of Jesus with Muslims. Such approaches are used to get a hearing from Muslims, open their hearts, and break down barriers. The methods were developed by workers committed to service and learning in the Muslim world. No one method is the final method; each has its advantages based on such factors as the gifts of the witness, the openness of a particular people, and the educational level of the people. The goal of this course is to enable the student to share the truths of the gospel in a sensitive and meaningful way with the sons of Ishmael.

LIT1212 Old Testament Literature: His Story (LC) (2 credits)

This course is a study of beginnings. It shows how the ancient inspired Hebrew writers expressed in narrative form a record of God’s saving deeds from the beginning of God’s work with all humankind. From these narratives, students can see God’s unfolding plan of redemption through what Christians believe to be God’s revelation. Concepts like covenant, priesthood, law, trust, faithfulness, and righteousness come from the Old Testament. Such knowledge is basic to understanding the New Testament. The Old Testament is the only Bible Jesus, His followers, and the early believers had. Storytelling is one of the oldest methods of communicating from one generation to the next. Learn to tell God’s story from the record of the Old Testament and be equipped to pass it on to your generation and those to follow.
